Mother's Day Monday

The Strauss Chiropractic Center is inviting all Moms to come and receive a special gift on what we call Mother's Day Monday (May 13th).

If you're a Mom and you and your family are already under chiropractic care, consider this our way of thanking you for being involved in this important family decision. If you are a Mom whose husband and/or family are currently under care but you are not-- why not take this opportunity to learn more about what your loved ones have been talking about?

Remember everyone is better off with a nerve system that is free of interference.

Thank you to all our Moms, Grandmoms, Godmoms, and Step-moms, for all you do and all the love you give. You make the world a better place to live. **Happy Mother's Day!**

Some of the Many Causes of Mom's Subluxations

Caring for the children * Watching the grandkids * Middle-of-the-night feedings * Carrying a purse * Working 2 full-time jobs * Husbands * Giving birth * Those complicated car seats * Sweeping up after the baby eats * Worrying non-stop * Learning new math * Trying to remember state capitals * All that laundry * Being the taxi driver * Being pregnant * Paying for college * Having to say "no" sometimes * Picking up after the kids * Standing in a cold rain watching your child play soccer * Standing in a cold rain watching your child play T-ball * Standing in a cold rain watching your child play baseball * Spring cleaning * Moving your son or daughter off to college * Worrying about your son or daughter while they are in college * Nursing a baby * Making beds * Cleaning muddy floors * All those hugs and kisses * Picking up your child * Carrying a child * Wrestling on the floor with the grandkids * Teaching a child to ride a bike * Choosing your battles * Kneeling to pray for your children * Carrying groceries * Putting groceries away * Paying for groceries * Gardening * Sleepless night with a sick child * Sliding down a slide with your child * Playing hopscotch * Giving piggyback rides * Sharing the bed * Helping with homework

Changes to the regular schedule: We understand that there have been a lot of changes in the last several weeks. Dr. Randy had two separate procedures and is recovering from his surgeries. He is doing well and WILL BE BACK! However, for now, he will definitely be out at least through May 15th. When he will return to full time after that is still questionable and will be based on his recovery. If you have any questions, feel free to call the office during regular business hours.

Please note: if there is nothing written in the block for any given day of the calendar, it means we have our REGULAR HOURS!!! Although we reserve the right to change who is covering as unexpected things do happen (as was, is, and may be the case for Dr. Randy.)

Thank you for your patience and understanding. We will continue to be committed to being here for you.
