

Welcome to

One World Institute

www.TheOneWorldInstitute.org

A Foundation for Health and Education

501C3 USA and Philippines

2014

“Always practice the Art of Giving in a vibrant and joyful manner.”

A community center on stilts doubles as a warehouse for assembled wheelchairs.

OUR MISSION:

To serve the poorest of the poor regardless of class, tribal affiliation, or religion.

**Wheelchairs for Peace
in Cambodia**

What We Do

- Medical Assistance
- Health Education
- Disaster Relief
- Livelihood Projects
- Conflict Resolution

ART FOR PEACE: "Hiding in Fear"

Over \$100 million US dollars in charitable donations to date!

One World Institute (OWI) is a Northern California-based non-profit, public benefit corporation. OWI is registered as a 501(c) 3 organization with the Internal Revenue Service (IRS) and Franchise Tax Board in the State of California as well as a charity organization with the Philippines' Securities and Exchange Commission.

Individual and corporate donations create tax benefits for the donor, as allowed by law.

DISASTER RELIEF MISSIONS

HAIYAN
VICTIMS
NEED

OPERATION SAVE LIVES
www.theoneworldinstitute.org

**The survivors
of Typhoon
Yolanda
(Haiyan)**

The UN says 9.5 million are affected out of a population of 103 million. Every dollar counts.

If every person takes out his/her credit card and pledges \$100.00/month for one year, we can prevent many deaths for at least 12 months.

Your \$100 feeds 40 families a day.

HOW A RELIEF MISSION FLOWS SMOOTHLY...

RAPID ACTION SAVES LIVES!

A. 1 mo. – 3 years

1. Rescue Equipment Move In
2. Medical Triage Units Rush In
3. Shelter, Food, Water, Clothing Move in

B. 1-5 years

1. Housing Materials Move in
2. Building takes place
3. Relocation, repatriation
4. Livelihood projects
5. No. 2-1 above continue

OWI has 20 years of experience with all components and provides full accounting for donors.

DIRECT FROM YOLANDA ORTEGA STERN:

OWI sources everything including the food, water and rice locally and from as far away as Mindoro. We buy at cost or at huge discounts from our private network of suppliers.

We are in a position to move and mobilize quickly.

READINESS is KEY.

The first 24 hours IS CRITICAL for saving lives. Pre-positioned triage mobile clinics for quick deployment are very badly needed, as well as volunteer emergency medical teams in every area.

PROJECTS

World's Poorest – World's Richest

- 2 billion live on less than \$1.00 a day.
- 1 billion without access to health care.
- In Sulu, 9 out of 10 families live below the poverty level – less than \$1.00 a day.

- 3 richest on earth have assets worth more than the GNP of 50 developed countries.
- 3 people of Bill Gates MS are worth more than the combined GNP of 44 developed countries.

Volunteers assemble the wheelchairs outside the community center on stilts.

WHEELCHAIRS FOR PEACE

HAPPY BENEFICIARIES

**ENVIRONMENTAL
PROTECTION
PROJECTS**

One World Institute's
“Pearls for Peace”
a project for the soul....

Featuring
Basil Anik, Artist

**Artisan Craftsmanship
From the Seas of
Southern Philippines**

In areas where war can wreak havoc and destroy communities, a sustainable livelihood through the artisan craftsmanship of these “pearls for peace” saves many lives.

We thank you for making it possible for Basil Anik and his apprentices to continue creating one-of-a-kind brooches.

Basil learned how to make brooches from a “do it yourself” (DIY) book.

THE BROOCHES

**“Sulu Wildlife Series” Brooches –
Material .999 Silver from Tongkil Island and
Sulu Mother of Pearl**

The traditional brooches depict fruits and flowers of Sulu. The pins are worn by both male and female for the “sablai” --- or to hold a shirt closed or to keep a scarf secure. Men wear it on their lapels and women pin it to their head scarves. There are many uses for the pin, so let your imagination go to work.

Scarlett Island: Operations Headquarters for Puling Seaweed Farmers Cooperative

Seaweeds for Peace

Euचेuma denticulatum

50 Cages were constructed to provide seedlings for 10 hectares of seaweed farms for 80 farmers. They also guard the seaweed farms against poachers --- and dumping.

Fish for Peace

Vinta construction – no outriggers. Testing.

Repair Schools & Classrooms' Roofs

ROOFS for the Typhoon Pablo Mission.

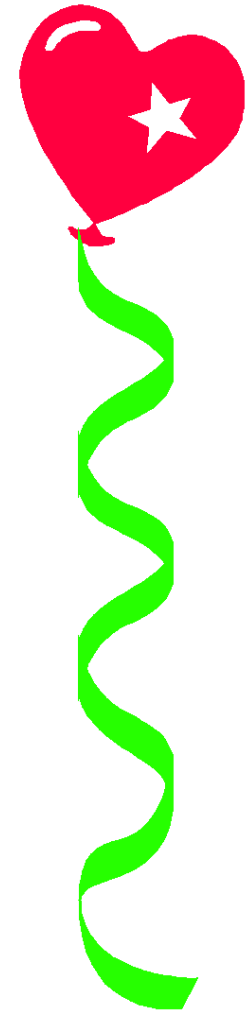

The temporary tent shelters for a classroom cannot take GI Sheets. The cost of a permanent roof for a classroom is estimated at US \$1,000.00. This is an example of a school as it stands today, under repair, and needing a roof. This school reconstruction completed as of November 2014.

READING FOR PEACE

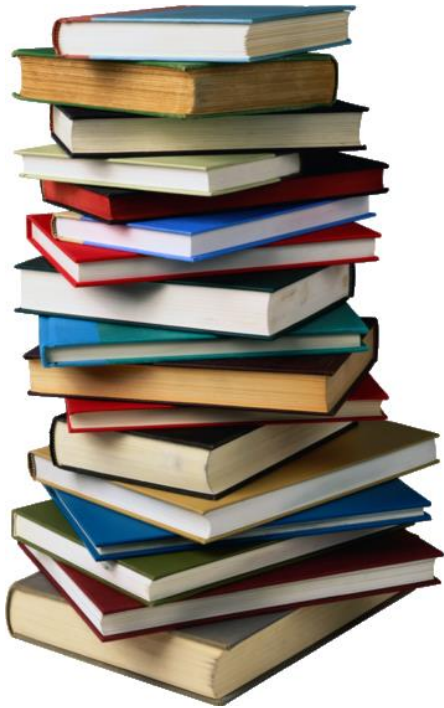

SCARLETT ISLAND

What to Donate

Movie Nights for Kids

- CDs or DVDs
- Appropriate Cartoons
- History
- Nature
- Science
- Discovery Channel
- Disney
- Books: “How to draw, “

Livelihood for Adults

- Fishing Boats
- Water, Farm Tools
- Vegetable Seeds, Fertilizers
- Crafts for women
- Goats for Milk
- Survival Tools
- Seaweeds
- Expertise

Zamboanga Mission 2014

WAR Kills

- Over 154,000 Internally Displaced Individuals were made homeless after their homes and businesses went up in smoke. Hundreds of lives were lost in the September 2013 Conflict between the AFP and combined elements of MNLf and many civilians.

Sincere Partners are Essential

- OWI's medical/Relief/Feeding missions are ongoing, in partnership with different branches of the City of Zamboanga.
- The relocation of the IDPs into transition sites is also ongoing.
- This is a very complex case.

Approximate Costs to Sponsors

- Annual Moro Art Contest = \$10,000/year
- Seaweed=\$1,000/300M sq. 3 months to grow
- Nipa Hut = 76 sq. M 2 bdrms - \$ 800
- 1 fishing vinta for 4 with 1 motor= \$2,000
- Pangalay Center = \$ 6,000/year
- Wheelchairs = \$5,000/40ft Freight Only
- Goats = Est. \$20each for Milk and Cheese
- Herb Garden for 1 Village of 800 = \$10,000

Continued.....

- Sit down Septic Toilet = \$ 600 with Septic
- Health & Wellness Seminars = \$ 1,000/100
- Farm Tools
- Fishing Poles; nets; lures; hooks; etc.
- Sewing Tools = All Manual
- Daily Vitamins
- School Supplies

NEW! VCO Plant-Siasi 2013-2014

Phase II - Virgin Coconut Oil Processing Plant

Begun in 2013 in Siasi is making progress. A warehouse, a research facility, a Guardhouse, a Bunkhouse, have been completed. A gated fish sanctuary has been completed. Processing equipment have been shipped. TESDA training is on the schedule. FPAD accreditation ongoing.

Additionally, a proposed site for 100 families from the Zamboanga IDP Centers is on the drawing board. They will be given jobs and the opportunity to start over.

This will become a model village in need of a birthing room, a social hall to double as reading room and prayer room.
