

AirVAXX Mud Movers & Vacuum Trailers

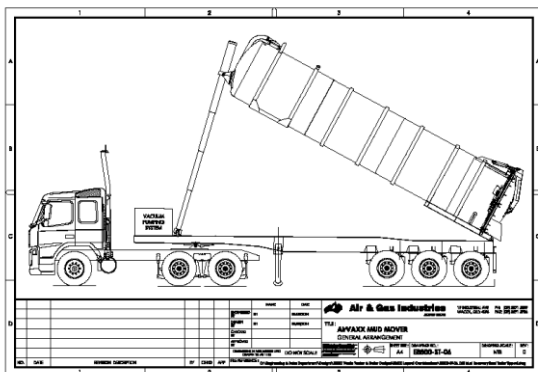

Air & Gas Industries has developed its range of vacuum tankers to include the new **AirVAXX Mud Movers and Vacuum Trailers**.

AirVAXX Mud Movers and Vacuum Trailers are designed to comply with all required ADRs and utilise spoils tanks designed and certified to AS1210, Hazard Level B. The AirVAXX Mud Mover is capable of carrying drill mud products that contain detectable quantities of lubricants and combustible liquids. Spoils tanks are third-party design verified and have Plant Design Registration (Approval) as required by the *Work Health and Safety Act 2011*.

- **Rugged**
- **Dependable**
- **Versatile**
