

Ballot Drawing Public Notice

The order in which candidates appear on the ballot is determined by a random drawing. The order – and the drawing – is different for each county.

The Texas Democratic Party will conduct ballot drawings for the counties listed below on Thursday, December 21, 2023, beginning at 9:30 am, via Zoom. Within a Zoom breakout room, the ballot drawing will be conducted for one office at a time, sequencing through each county that we are drawing for before moving on to the next office.

This page will be kept updated if any technical difficulties arise or offices are moved to another Zoom room (which we may do if one room completes their drawing early).
