

Finesse worktops

by **Kronodesign**[®]

K218 GM Black Andromeda

Black Andromeda combines a strikingly dark sparkle effect with the durability and easy-maintenance that's characteristic of our worktops. Its small aluminium flakes beautifully reflect the light. The glitter matt texture gives a sense of minimal sophistication to your design.

Finesse
worktops

by Kronodesign®

The perfect ingredient for your dream kitchen.

The right worktops can provide the finishing touch, or even be the focus for your overall kitchen design. Take a look at our range of stunning on-trend designs in an array of different materials and textures, built on decades of product research and understanding. You can be confident of exceptional quality, utilising technically brilliant and durable construction.

With certified antibacterial properties that create a safe and healthy kitchen for years to come, all our products come with a 10 Year Guarantee for complete peace of mind.

That's the winning recipe; outstanding and inspirational designs combined with a solid hygienic structure.

It's time to add Finesse to your kitchen.

Due to variations in the photographic and printing processes, the colours shown may vary compared to the actual product. It is therefore recommended that actual product samples are viewed prior to purchase.

Select your Kitchen Worktops

Round Edge

A versatile range of high-quality and durable worktops with a 3mm profiled round edge. The collection includes 34 stone, concrete, and marble designs, as well as authentic woodgrains that will suit every kitchen, from contemporary to classic.

Worktops:	38mm x 3000mm x 600mm
	38mm x 4100mm x 600mm
Breakfast Bar:	38mm x 4100mm x 900mm
Upstand:	20mm x 4100mm x 100mm
Splashback:	10mm x 4100mm x 640mm

Square Edge

A comprehensive selection of 31 sharp, clean-looking worktops with a square edge profile. From appealing woodgrains to stone, marble, and granite reproductions, these decors are sophisticated and practical and give you all the options you need to add an original touch to your kitchen.

Worktops:	38mm x 3000mm x 600mm
	38mm x 4100mm x 600mm
	22mm x 4100mm x 620mm
Breakfast Bars:	38mm x 4100mm x 900mm
	22mm x 4100mm x 900mm
Upstand:	20mm x 4100mm x 100mm
Splashback:	10mm x 4100mm x 640mm

Slim Line

A range of ultra-thin Slim Line worktops across 8 sophisticated designs, including the finest Italian Calacatta and bold marble monochromes, through to burnished slate and matt textured decors. The Slim Line collection offers you a fresh perspective and next-level durability for luxurious kitchen interiors.

Worktop:	12mm x 4100mm x 650mm
Breakfast Bar:	12mm x 4100mm x 950mm
Upstand:	12mm x 4100mm x 100mm

K369 PH
Cloud Nebula

K553 SU Galaxus

K551 SU Calacatta Olympus

K544 RW Hazel Silverjack Oak

K351 RT Rusty Flow

Rusty Flow is the perfect version of a weathered metal plate. The mix of concrete with oxidized metal undertones provides a realistic character that is strengthened by its Rust (RT) texture.

Repeat Free Design

Finesse Worktops are manufactured using advanced digital printing technology meaning that we can produce worktop decors without any repeat in the pattern across the full 4.1 metre length. With marble remaining ever popular in modern kitchen design, this feature brings an added dimension of authenticity to decors which is not available with other worktop ranges. Replicate these beautifully luxurious natural materials with ease, elevating your space, adding character and impact to any kitchen. For decors that feature Repeat Free Design look out for this icon.

Above is a traditional worktop pattern that does not feature Repeat Free Design

K552 SU White Iceberg Marble

K551 SU Calacatta Olympus

Stunning Italian marble, with an intense white background and warm gold and grey veining. It can bring a touch of class to any space and work in great harmony with other materials like wood, stone, and metal.

K002 FP Grey Craft Oak

Grey Craft Oak is a strong and expressive wood decor. It features a mix of beige and grey nuances and an authentic texture with visible cracks and knots. It is full of character and natural imperfections and can be the perfect choice for a worktop.

Round Edge Laminate Worktops

Our Round Edge Worktops use raw P2 Particleboard covered with decorative High Pressure Laminate (HPL), and a special High Density Fiberboard (HDF) strip to strengthen the front edge and increase impact resistance.

Additionally, an EVA Dripseal is placed underneath the profiled edge along the entire worktop length, forming a drip barrier to keep out water. This provides extra protection in areas such as above a dishwasher where standard worktops are vulnerable to steam.

The slightly rounded 3.3 mm radius creates a U-shape profile, which is available on one long side for worktops and both long sides for breakfast bars.

K092 FP Dark Porterhouse Oak

K016 SU Carbon Marine Wood

K213 RS Dark Tivoli

The brown stone design of Dark Tivoli is perfect for pairing with neutral colours. It helps to create a balanced interior, especially when combined with earthy colours and elegant woodgrains.

K553 SU Galaxus

Galaxus displays a strong character with its intense anthracite-coloured background and crystalline veining structure. This marble decor adds elegance and sophistication to any setting, and can be easily combined with woodgrains or earthier, nuanced colours.

Square Edge Laminate Worktops

These contemporary style worktops feature a straight Square Edge created from 1.5 mm ABS edging in the same decor, providing a sturdy, solid product with a neat finish. The sleek profile and clean lines make these worktops the perfect choice for any modern or minimalist kitchen design.

ABS is a high-grade thermoplastic that can withstand water, is highly heat resistant, and is not damaged by domestic cleaning products making it perfect for family kitchens.

Our Square Edge Laminate Worktops are available in two thickness options;

38mm thick worktops are made using P2 Particleboard traditionally used in furniture production.

22mm thick worktops are made using P3 particleboard which gives enhanced resistance to moisture.

K538 PN Dovetail Arosa

An elegant natural stone with a uniform concrete-like effect in light grey. Up close, the fine details and nuances of colour-play come to the fore. The non-directional texture with a matt effect makes it a perfect choice for a classic or contemporary kitchen.

Slim Line Compact Worktops

Slim Line is a collection of 12mm compact worktops with a colour-coordinated core, ideal for luxury kitchen designs. It comprises specially selected designs that bring sophisticated style to any kitchen.

All Slim Line products have improved resistance to abrasion and moisture, meaning they not only look great but they perform well too. With no need for additional edging or surface finishing, they are perfect for bespoke design projects.

Designed with a complementary core in white, grey, or black, this stunning collection provides a versatile solution with a modern appeal to stand up to everyday use. These compact worktops are functional, stain and heat-resistant, hygienic and easy to clean, with antibacterial properties, and highly water resistant too!

K209 RS Crema Limestone

Crema Limestone is a stunning reproduction of a sedimentary rock. The colour-play is deepened by hints of beige and white, whilst the rough stone texture creates a natural feeling.

Textures

Glitter Matt (GM)

This elegant matt texture combines a soft, silky touch with the eye-catching and subtle sparkle of aluminium flecks.

Super Matt (SU)

Combining a matt effect texture with smooth, high-grade optics for a resplendent appearance.

Rust (RT)

A stucco texture that echoes the distressed appearance of concrete and metal. It has a worn character that's fully on-trend with the urban look.

Palazzo Touch (PH)

Inspired by vintage marble and soapstone textures, this dual gloss surface replicates natural cracks and indentations with a burnished, waxy touch.

Slate (SL)

A deep slate texture that reflects the distinctive look and feel of weathered stone.

Glitter Gloss (GG)

This high gloss surface is enhanced with a fine amount of shiny real aluminium particles and sparkling glitter.

Patina (PA)

A subtle, semi-smooth glazed surface.

Used Effect (UE)

A burnished surface finish, that gives an extra degree of patina to stone and metal decors.

Fine Pore (FP)

An understated delicate wood pore effect that refines the decor.

Rough Stone (RS)

Soft riven texture, perfectly accompanying our natural stone decors.

Rift Wood (RW)

Linear texture with matt and gloss areas giving the most diverse wood designs a very authentic feel and high-value appearance.

Bureau Structure (BS)

A pleasant mottled surface, that brings timeless style and durability to all environments.

Super Quality Gloss (SQ)

A superior gloss surface specially developed for worktops to offer improved scratch resistance and durability.

Pearl (PE)

A subtle, burnished surface detail.

Pluton (PN)

A versatile, non-directional texture with a matt effect which enhances the look and feel of stone and marble decors.

K538 PN Dovetail Arosa

An elegant natural stone with a uniform concrete-like effect in light grey colour. Up close, the fine details and nuances of colour-play come to the fore. The non-directional texture with a matt effect makes it a perfect choice for a classic or contemporary kitchen.

**K023 SQ Venato**

Venato is a stunning and versatile reproduction of Italian marble. Its elegant crystalline look and grey veins provide a natural appearance, with a high gloss texture. It can bring a touch of class to any space and work in great harmony with other materials like wood, stone and metal.

Sustainability

Ensuring renewable and sustainable resources.

We understand that in selecting your stylish new kitchen worktop, you also want to be sure you are making a sustainable choice. That's why Kronodesign® constantly strive to achieve the lowest possible environmental impact for all our products. We want to **Make Wood Work** by getting the highest possible yields from our input materials, ensure quality that lasts, and offer a circular solution for recycled wood. All this gives our customers peace of mind that they are selecting a stylish and sustainable worktop to complete their kitchen.

We apply the cascade use of wood by first prioritising post-consumer recycled timber, then using sawmill residues and co-products to produce technically advanced, engineered products.

Only when timber is not suitable to be used as a raw material for our products is it used as a fuel for energy production on our site, offering a much more sustainable alternative to fossil fuels.

Sustainable forestry to lower environmental impact.

The wood-based products we make and supply are certified by the Forest Stewardship Council® (FSC® License code: FSC-C018728).

Made in the UK using FSC 80% recycled content and 20% from sawmill co-products, all worktops are FIRA Gold certified and inherently hygienic due to in-built antibacterial properties and are tested to ISO 22196:2011.

This gives the certified assurance that our products are made of recycled materials well-managed FSC® certified forests, and other controlled sources.

Care for your health

Finesse worktops are designed for your wellbeing. With proven and certified antibacterial properties, they provide more hygienic surfaces, helping create a safer and healthier environment.

Care for your worktop

Finesse worktops are easy to maintain, simply use a damp cloth and a mild detergent or non-abrasive cleaner to keep the surface clean and hygienic. Stubborn stains should be removed immediately (the use of abrasive cleaners should be avoided). Whilst your worktop is resistant to high temperatures, you should always put hot objects onto heat resistant mats or trivets. Our gloss finish will enhance and complement the effect of the decor, however it is advisory to take extra care with gloss finish worktops as they are more prone to marking. Try to avoid sliding objects across the surface of the laminate. To prevent damaging the surface, always use a chopping board for preparing food. Full details for care and maintenance can be found in the Care Guide included with every worktop or discuss with your retailer.

Please visit our website finesseworktops.co.uk or scan the above QR Code for more details.

Samples

We are happy to supply a sample of any of the Finesse decors free of charge, please visit: finesseworktops.co.uk or scan the above QR code.

Guarantee

Each Finesse worktop is covered for a period of ten years after installation.

The worktop(s) and published installation guidelines should be checked carefully before installation commences as we cannot accept claims for worktops with defects that should have been noticed before installation or for incorrectly installed worktops.

Full Guarantee details can be found by scanning the QR code above or visit: finesseworktops.co.uk.
