

bathrooms to love

brought to you exclusively by our bathroom specialists

Visit our website to get inspiration, see additional product information, images and videos, plus lots more!

Browse our product ranges or choose to Be Inspired

Browse through our range of on-trend bathroom products, or check out our Browse by Style section for an abundance of bathroom ideas to help get you started.

Create your personal Wish List

Use our Wish List feature to save the products you love – you can then share this list with your local Bathrooms to Love showroom so that they can help you turn your ideas into reality.

Find your nearest Bathroom Specialist

Bathrooms to Love products are available through a network of specialist retailers, offering design and planning advice through to installation.

Get inspired

When planning your new bathroom it may be hard to know where to start. Gather your ideas and thoughts into a mood board using images you see on websites and social media channels like Pinterest and Instagram; it's a great way to narrow down the bathroom styles you like and will help you create your perfect look.

Be sure to follow us for lots of inspiration and ideas

Bring your ideas to life

Throughout this brochure you'll find QR codes to scan, which give you either detailed product videos or the opportunity to visualise our products in your own space.

New

Push

Wall hung & floor standing furniture

Contemporary, handleless, push to open doors and drawers and a stunning chamfered edge design make Push a smart choice.

The basin units can be styled with a thin edge, ceramic, sit in basin or with a coordinating worktop and washbowl. There is also the option to team the units with elegant legs to give a floor standing look! Add to that the stunning choice of colourways you'll find Push is a very desirable, customisable collection.

Ligne

Floor standing furniture

Ligne's unique design of geometric lines and elegant maple 'framed' legs make it an on trend collection.

With a choice of fashionable super matt, fingerprint proof finishes, handle designs and optional maple effect worktop to match the legs, you can customise the look to fit with your interior style. Plus, Ligne has a shorter depth than some of our other ranges making it a perfect fit for those short on space!

Get the Venosa look:

See page 255

See page 306

See page 287

See page 224

Venosa

Floor standing furniture

Venosa is perfect for compact bathrooms with its small footprint of just 1100mm in width. An integrated basin with handy left or right hand extended worktop not only offers useful shelf space but also an easy to clean to surface. A two-door cabinet beneath the basin, teamed with a connected housing area for a concealed cistern and back to wall WC, makes Venosa a great choice for a coordinated look.

Fully shrouded - straight to the wall to hide pipework

Back to wall

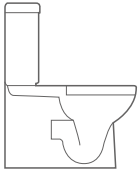

Semi recessed basin

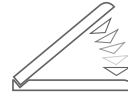

Open back - giving easy access to pipes

How to choose the *right suite options for you*

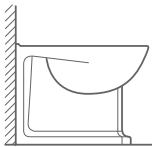

Close Coupled WC

A close coupled WC has the cistern resting directly on top of the pan towards the rear.

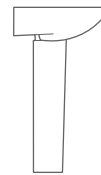

Soft Close Seat

The soft close function ensures that the seat and lid close slowly without banging against the pan, reducing noise and risk of damage.

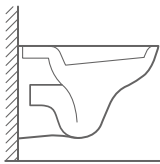

Back to Wall WC

A back to wall WC has the concealed cistern hidden behind a wall or fitted furniture.

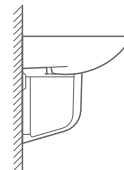

Full Pedestal

The most popular choice, a full pedestal hides all the pipework whilst supporting the basin.

Wall Hung WC

The pan is held off the ground by a hidden supporting frame and, as with a back to wall WC, the cistern is hidden.

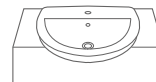

Semi Pedestal

Increasingly popular, a semi pedestal sits under the basin and hangs from the wall, freeing up floor space below it.

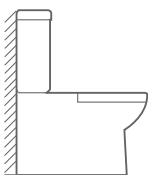

Rimless WC

Rimless WCs are easier to clean as they flush without needing a rim.

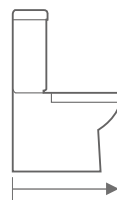

Semi Recessed Basin

Designed to be mounted into a work surface or furniture, the front of the basin protrudes forward, whilst the rear part is recessed.

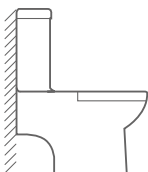

Fully Shrouded

The waste pipe and water inlet are fully shrouded within the ceramic, the toilet sits flush against the wall.

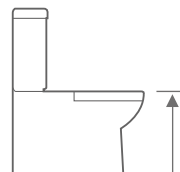

Short Projection

Reduced depth pans don't project out into the room as far as a standard toilet, making them perfect for smaller spaces.

Open Back

Open back toilets have access at the back for your pipework, perfect if you are planning to box in the pipes from left or right.

Comfort Height Pans

Set at a 450mm height or more, comfort height pans provide added comfort, especially for taller people or the elderly.

Tilia

Square design with a soft finish

On-trend design, with a smooth finish to this stylish square suite.

Its fine design incorporating ultra thin edges complements any bathroom design.

Rimless the height of cleanliness

Rimless WCs are easier to clean as they flush by propelling jets of water around the bowl without needing a rim.

They are highly efficient and can easily be incorporated into any bathroom and can be mixed perfectly with other products in the range.

Cilantro

Smooth curves & clean lines

With its smooth curves and clean lines, the understated style of Cilantro complements many looks and works well in any bathroom.

Wall hung frame systems

Frames allow you to safely and securely fix wall hung products. They provide support for wall hung WC's loaded up to 400kg. Frames can be used inside a partition wall, behind tiles creating the illusion of space by freeing up the floor area.

Supercast[®] baths

What is Supercast[®]?

Strength and beauty combined

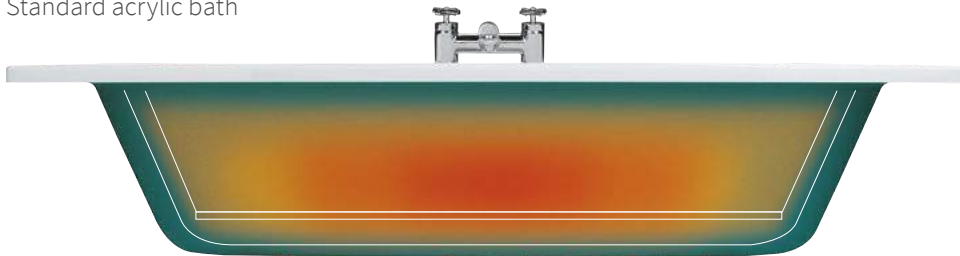

Supercast is a substantial reinforcement process for an acrylic bath.

This reinforcement process results in each bath being incredibly strong and hard-wearing. This gives you the reminiscent assurance of an old cast iron bath with the natural warmth and quality acrylic has.

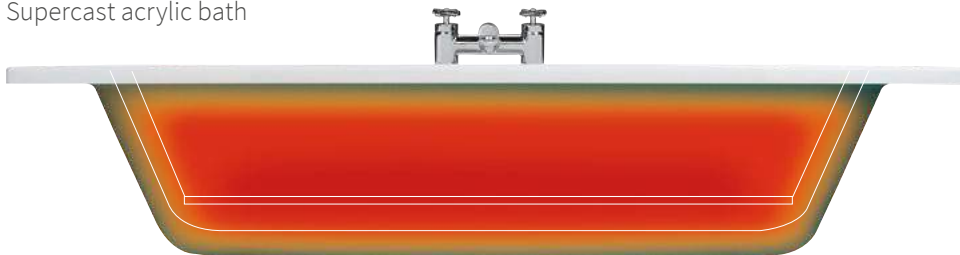

Acrylic's unique properties make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes giving many possibilities for varied designs, an attribute that enables baths to be manufactured with design and function working in harmony. The natural gloss is cast all the way through the acrylic resulting in a product that is smooth and ever so easy to clean.

The intensive reinforcement processes and final (grey) 'flow coat' jacket to the entire underside of the bath adds strength and insulating properties. This keeps your bath water hotter for longer!
