

We know you are excited about getting one of our puppies. Who wouldn't be excited?? But, now is the time to focus. Concentrate! This is a really really really important form to get right.

This is where you tell us what you want in your new fur baby. You have to be decisive – you may not just pick every possible characteristic and expect us to put you in line for every puppy we have. That's not the way this works. You are going to have to choose, and you are going to have to live with those choices. If you change your mind and select a different dog, you will have to go to the back of that new line. We know this sounds harsh, but we have to do this, in all fairness to everybody on the waiting lists, and to save our own sanity.

So, take a deep breath. Think it through. Consult with family, friends... your local minister.... the Magic 8 Ball.... whatever you need. Then fill out this form with your choices, and return it to us by email.

## THANK YOU!

You will be placed on the appropriate waiting list based on the deposit paid and the preference choices submitted in this form. If for any reason you decide to change your preferences and request a different dog than chosen here, you will be placed at the bottom of the waiting list for that newly stated preference.

EXAMPLE: Say you selected a preference for a male puppy. Say you later notice that there are not as many males to choose from and there are many more females, so you decide maybe you should have opted for a female dog in order to guarantee yourself a puppy from the current litters, so you decide it might be better to switch. You will be removed from the male puppy waiting list and placed at the end of the line on the female puppy waiting list. We hope you understand why this is the most fair way to do this.
