Sending **MARCH** birthday wishes to Susi Beckmann and Margie Kraft.

The first day of Spring 2024 is Tuesday, March 19 at 11:06 PM EDT. Known as the Vernal Equinox (or “First Point of Aries”), this is the astronomical beginning of the spring season in the northern hemisphere and the autumn season in the southern hemisphere. The calendar date of the equinox shifts every year. Spring arrived on the 21<sup>st</sup> of March during most of the 20<sup>th</sup> century, but the event slides earlier and earlier during the 400-year Gregorian calendar cycle. The final March 21<sup>st</sup> equinox was in 2007.

March is Women’s History Month.

The name of March comes from Martius, the first month of the earliest Roman calendar. It was named after Mars, the Roman god of war, and an ancestor of the Roman people through his sons Romulus and Remus.

Saint Patrick's Day, or the Feast of Saint Patrick is a religious and cultural holiday held on 17 March, the traditional death date of Saint Patrick (c. 385 – c. 461), the foremost patron saint of Ireland. Modern celebrations have been greatly influenced by Irish immigrants in North America. However, there has been criticism of Saint Patrick's Day celebrations for having become too commercialized and for fostering negative stereotypes of the Irish people.
