The only member-driven DNA Association — Nonprofit 501c5

WELCOME

The American Spanish Goat Association founding members and consignors would like to welcome you to the inaugural ASGA Premier Sale – Your Source for Elite Spanish Genetics.

This two-day event will feature a public auction, an educational seminar, the ability to network with leading Spanish Goat breeders from across the country and an opportunity to learn more about the ASGA, a member-driven DNA-verified Spanish Goat Association.

The Spanish Goats are recognized as a hardy, productive and parasite-tolerant animal that is well-suited to a variety of management styles and environments. They have always excelled in the Southwest but are performing just as well in the high humidity and open pastures of the Southeast and Midwest. Spanish Goats are known as adapted survivors for a reason.

They have become the breed of choice for the largest and most progressive commercial producers in the country and the growth of the breed will continue. Our mission at the ASGA is to steward this growth in a responsible manner.

You will notice that there is an emphasis on performance, production, and genetic progress at this event. This isn't by accident — there are some very exciting advancements on the horizon and we are pleased to have several of the leaders in these fields presenting at this event. The importance of data collection and evaluation, along with a cutting-edge genomics discussion, will be highlighted.

The hard work that has been done in the previous 10+ years has given the Spanish breed a very solid foundation. The ASGA, with your support, is poised to move this wonderful breed of goats into a very exciting future.

We are honored to be your hosts for this special event and are confident that you will find the quality of the goats offered for sale and the content provided by our guest speakers will meet your expectations. Please let us know if you have any questions or concerns before, during or after the event.

TERMS AND CONDITIONS

BIDS & DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the Buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

ANNOUNCEMENTS: Every effort was made to assure the correctness of this catalog, however all announcements from the auction block will take precedence over printed matter in catalog. Buyers are therefore cautioned to pay attention to all such announcements.

CERTIFICATES OF REGISTRY: A Certificate of Registration will be sent as soon as DNA is complete on each animal, approximately 60 days from sale day.

SHIPPING: Assistance will be given in making shipment arrangements after the sale, but the Sales Management and/or the Seller assume no risk. Expenses incurred are the responsibility of the Buyer. Buyers are requested to furnish shipping instructions when making settlement. All animals must be loaded by 10 a.m. Sunday.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the Buyers, neither the Sales Management, the Auctioneer, nor the Sellers assume any responsibility in the matter and disclaim any liability, legal or otherwise, in case of accidents or loss of property.

RIGHTS & OBLIGATIONS: The above terms of the sale will constitute a contract between the Buyer & the Seller and be equally binding to both. Resale of animals following purchase in the sale will constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

HEALTH PAPERS: Sellers will provide health certificate from point of origin to Cookeville, Tenn.

NO GOATS WILL BE LOADED UNTIL AFTER THE SALE.

Our Spanish Goat History

Loyd Whitehead of Rocking Chair Ranch has been raising Fullblood Spanish Goats since the 1960's. The Rocking Chair Ranch Spanish goats are as hardy as they come. The ranching style at Rocking Chair reflects the low-input management that has helped shape Spanish Goats into the tough survivors they are today. They are not dewormed or supplemented with feed, and they kid unassisted. This management style has led to a strong, resilient herd with the savvy to keep themselves safe and fed. Along with the low-input management style, there are certain selection criteria like good conformation and quality udders that Rocking Chair uses to ensure they are breeding the highest quality Spanish Goats.

The goats are kept in groups that range in pastures of 400-1,000 acres. They are rotated according to the availability of good forage in each pasture. The land consists of rolling hills with native grasses and many Mesquite trees and Live Oaks. Conservation is a big part of Rocking Chair and the goats provide a great source of fire prevention and pasture clearing by raising the browse line. Predation can be a problem and comes in the form of coyotes, bobcats, and eagles. Every herd is protected by livestock guardians with minimal involvement from ranch employees.

Loyd Whitehead
