

President's Letter

Dear WSHMMA Community,

With my term as President at an end, I would like to express my heartfelt gratitude for your unwavering support. It has been an honor to work alongside you all in making significant strides with adopting new ways to connect and exploring educational opportunities during the challenging times of the pandemic and beyond.

Looking back, one of the highlights of my tenure was undoubtedly our conference last year. It was a resounding success, and I'm so proud of the hard work put in by the board, supplier partners, and attendees alike.

I am also excited to welcome our three new board members, Julie, Brian, and Evan. Their unique experiences and expertise will undoubtedly be an asset to our community, and I look forward to seeing the contributions they will bring to the table.

As Dan Zaborowski takes on the role of President, I am confident that under his leadership, we will continue to build on the momentum we have established and keep pushing forward with our community's growth. I am eagerly anticipating the upcoming conference and the results of the other initiatives that we have prioritized for the year ahead.

Please see below for an introduction to Dan, information for our next CMRP class, and the 2023 annual conference.

Thank you again for the privilege of serving as your President.

Sincerely,

Devin Sumaoang

New President:

We are excited to introduce our new WSHMMA President, **Dan Zaborowski!** With over 22 years of experience in supply chain, Dan has been an active member of WSHMMA's board since 2015. He previously served as Treasurer and more recently as President Elect. As a National System Procurement Manager with CommonSpirit, he brings valuable expertise and leadership to the role. Furthermore, Dan is a veteran of the Marine Corps, highlighting his dedication to service. We look forward to working with Dan to continue building and strengthening our community.

CMRP Series 3: Information Systems and Data Management | Offering 1 free CEC

May 17th, 2023, 1200 – 1300pst

Register here: <https://www.surveymonkey.com/r/V0523CMRP>

Join **Sean Farley**, VP of Supply Chain with CommonSpirit as he walks us through the CMRP preparation material focusing on:

- A. Define functional requirements, specifications and interfaces for an automated materials management system
- B. Assess existing Material Management Information System (MMIS) capabilities and perform gap analysis, maintain the integrity of the Item Master
- D. Direct acquisition, implementation, and maintenance of an automated, system-wide materials management information system
- E. Promote development of supply chain system standards, understand how usage data and supply data intersect
