## FUNDRAISING OPPORTUNITIES

### Feed Our Horses - 1 Bale at a Time

For only \$25 you can feed out wonderful horses for a day. In 2021 Hay cost was \$13/bale. This year it will be \$25/bale - almost double. We need to purchase hay the end of summer and are asking everyone to help purchase 1 bale - the cost of a pizza.

---

---

### \*\*\* New Car Fundraiser \*\*\*

We continue to fund raise for the new car we had to purchase. Our wonderful 2001 Elantra with 310,000 miles on it has retired after 22 years. We have received some donations but need \$19,000 more to finish our goal.

## STATE OF THE STABLE

Can you believe - a quarter of a century - 25 years since we started in August of 1998. I always want to give A BIG THANK YOU to everyone who has supported us by volunteering, making donations or bringing us riders and volunteers - AND to our riders who make all of this possible. All your support has made Stable Influence Charity Programs the successful Equine Assisted Activities and Therapy program it is.

Program - In August 2022, three riders scheduled to ride and we were actually able to do it because it wasn't too hot - last August that is. In September we started up with 12 riders in our 2 locations. This was about the same as last year. We started in August 1998 and since then, we have improved the lives of over 472 riders. Some, I've known since 1987 - even before Stable Influence was started. A few new riders joined our program over the year and we look forward to welcoming them back this September. Heat this summer and rain in the winter and spring sure was a big factor this year and we had many cancellations as we slogged through the mud in the winter/spring and hid from the heat during July 2023. We are looking forward to riding in September at both our Peoria/Glendale site on Wednesdays and our New River site on Saturdays.

The wonderful hay deal we got last year was --- last year --- and not going to happen again. We are faced with an estimated \$2,400 increase in hay cost for this next year. This is almost double the cost of hay for this upcoming year. In planning for these increases, I estimate we will need to raise fees and also fund raise about 60% of our rider costs to pay minimum operation expenses. Only the absolute essentials are calculated to figure rider fees. With fewer riders and increased expenses, we fall short for horse care, insurance and Head Instructor salary. Start up in September should be good. Riders come for many reasons. Some have specific goals, and once reached, they move on. Others enjoy riding and continue as it is good exercise. Generally, a few riders will ask for sponsorship funding. We always hope we can help a few more riders with partial class fees. If you'd like to sponsor a rider, contact us to make a donation. Donations for expenses, and especially for hay this year, are always appreciated. Funding for the new car which was financed, bareback pads, equipment repairs, vehicle maintenance and program t-shirts, are not included in rider cost calculations and are totally dependent on donations.

FY22 scheduled 362 half-hour riding lessons - which was 60 less than last year. We provided only 264 lessons this year compared to 536 last year. There were lots of rider slots available that went empty as we had space for about 4 more riders each week (180 more rides). I believe the economy was a big factor in this as well as rider family and illness issues with our regular riders which resulted in 104 lost rides. We made up 55 missed rides and had 87 no-shows. We had 53 weather or "other" related lost rides which we worked to make up. Heat, rain and wind this year caused most of our canceled classes. For summer, 3 riders participated in classes in New River and 2 rode for 45 minutes each. In August, we'll have 3 riders continue riding, providing the heat isn't too bad. Continuing education for our instructors and volunteers were partially paid for privately. Craig, thank goodness, continues to donate vehicle, shed and ramp maintenance. Thank you to Craig, Nick, Colton, Matt and Dylan for helping with maintenance and horse pen repair. Our classes Wednesdays at Soft Wind Riding Club in Peoria/Glendale will begin again mid-September and will ride Saturday mornings in New River.

Volunteers: 18 registered volunteers, 9 helping out each week, 29 short term. 1,793 Volunteers since 1998.  
2,826 hours of volunteer time were given this year. 129,687 Volunteer hours since 1998.  
Horses gave 134 hours this year. 10,441 Horse hours by 61Horses since 1998.

Horses - Our herd has remained - ha ha ha - stable this past year. Gracie is 11 and doing well with her training. Consistency in playing with her is the challenge. Thank you Abby and Cristina for helping out. She has gone to our Peoria site and has done really well as Saige, Savannah and Mary rode her for training. She even worked with one rider for some on-line work. Riding is the challenge because I have to focus on keeping Liber-T, Freckles and Dakota exercised. Also, because I've had double knee replacements and am OLD, I've been instructed by my knee surgeon not to be jumping off of horses. AND - while being trained, that sometimes may need to happen. Liber-T is 30 now. She is still helping with her riders and is doing well. Her movement is very helpful for riders who need to experience movement. She so loves the little ones she works with and gives them cuddles. She is very careful as they learn to lead her around. BUT, she still wants it done "right", and that, makes her a great teacher to our more advanced riders and volunteers. Dakota at 22 still offers riders more opportunities to learn to regulate their energy as she is more responsive than Liber-T or Freckles. We love her very wide back as it offers riders a lot of support, but she also has very quiet movement. This is important for riders who are needing to improve muscle tone due to a weak trunk. Later, they get to experience the active movement Liber-T offers. Freckles is 29 now and has movement less than Liber-T and more than what Dakota offers. Her quiet movement and shorter striding allows riders time to react, but she surely can go if asked. Her more narrow barrel is great for riders needing less of a stretch.

Horse board is a cost we have monthly no matter how many riders we have. This year we are supporting 4 horses and expect an increase of \$200/month for board due to the hay increase. The Equine Dentist comes every December for about \$400 this year. I am very grateful to her for helping our horses a couple times during the year. Thank you to the Hudson's for supporting

---

---

our horses this past year.

End of summer we will have to purchase hay for the year. As mentioned above hay costs have nearly doubled - hence the Hay Fundraiser to ask everyone to help by purchasing just 1 bale of hay for \$25. Board for horses covers hay and grain costs. It does not cover the cost for hoof trimming every 7 weeks for \$200, vet work or the equine dentist. Please consider making a donation to help purchase hay and grain to keep all the horses fat and sassy - well not too sassy.

You can help out with our Adopt a Horse program to support one of our amazing horses. Your donation of \$300/month or \$3,600 per year will totally support one of our horses. Your gift as well as your mileage can be tax deductible. Thank you to the Hudsons for your horse support. Remember, as an Arizona Qualifying Charitable Organization, your donation can reduce your Arizona State Income Tax amount dollar for dollar.

Facebook - each week we post on Facebook. "Like", "Follow" and post to our Stable Influence Charity Programs page. Enjoy and share pictures of our riders' successes, as well as noting class changes. Also, just for grins and giggles, watch for sunsets, wild life and other fun stuff happening each week. Add a story, share with your friends, family and folks who may benefit from our services or who may want to help out. Spread the word - that's our best advertisement. Ask your FB followers to donate, to sponsor a rider or horse, or just because, I bet some would buy a bale of hay if asked. Donations can be given through Pay Pal by clicking the button on our web site. About 3% is taken out for fees. We accept Zelle for donations to our e-mail - stableinfl@aol.com. Or - - - just send us a check directly or through your bank bill-pay.

Rider Stats: We helped 13 riders in classes this year which was the same as last year. Unfortunately, due to illness, family issues and school stuff, 6 had to postpone riding for part of the year until things settled down. 8 - Autism, 2 - Down Syndrome, 1 each Anxiety/Depression, Emotional, Fetal Alcohol Syndrome, Lennox Gausteau, . However, most all of our riders have multiple challenges. Rider ages: 6-10 4, 11-20 4, 21-30 3, 31-59 2.

We continue to ride in 2 locations. I trailer our horses from New River each week to our Peoria/Glendale on Wednesdays during the school year. We also ride in New River on Saturday mornings from September to the end of May. Then we do summer classes on Tuesdays during June, July and August - this year was tough with all the spring rain and summer heat. Our New River site offers opportunities for riders to do trail rides to practice what they learned in the arena. We ask everyone to spread the word to potential riders and volunteers to help us increase participation. We had wonderful participation of volunteers this past year at times and are thankful to everyone who helped out. It sure seemed that when we had lots of riders, we needed more volunteers and vice versa. Always a challenge, but we made it work. We so appreciate the support of our site owners - Maryann at Soft Wind Riding Club in Glendale, the Hudson's in New River.

Staffing - Chris Hudson continues as the Head Riding Instructor, Executive Director and wearer of all hats. Chris is our Program Board President, Craig is our Secretary/Treasurer. We welcomed Kathy Wilke as our Vice President last October. Abby helped a bit in the fall with horse care. Chris handles all the classes at both sites Wednesdays and Saturdays. Most mornings and Sundays are available to work horses and for volunteer lessons. Chris does the horse care and exercising for all horses. Come play with our horses and improve your skills. Riding lessons are available by appointment to our volunteers.

Donations - We thank all of you who donated this past year. We met new donors and appreciate supporters who help every year. Keep spreading the word and let us increase our donor roster. We received donations from Ahlman Family, Lynda Arnold, Malena Family, Parmenter Family, Angela Pruitt, Smith Family, the Lisa Wintermantel Memorial Ridership Award, to name a few. Of course, new donors are always welcomed. Thank you to ALL listed in our Donation Section - we truly appreciate your generous gifts.

Our riders face extra financing challenges just for day-to-day living. Insurance and government programs do not support Equine Assisted Activities. The benefit our riders receive is so appreciated, their families will struggle to pay for them to ride. Being consistent is why I believe new riders come to us each year and previous riders return. Some of our riders have been with us for over 20 years. One I've worked with for 36 years. It works. Most riders see improvements the very first ride.

Fundraising - Fund raising is an "always" project to bridge the difference between what it costs to operate our program and our riders pay for services. If we don't have the funding, we don't buy it. We have always been very careful with spending. Total operating costs are not covered by our rider fees and most riders pay a reduced fee for riding. A few riders choose to pay the full cost fee and we are very grateful for their support. Donations must bridge the difference. This past year one rider received a half-scholarship thanks to the Lisa Wintermantel Memorial Ridership Award. Two of our riders and one volunteer travel from Mesa each week to ride and/or help with our riders. So, although we do not have an East Valley location, we do continue to get calls for riding.

We obtained approval as an Arizona Qualifying Charitable Organization for 2023. Donations made to us can result in a dollar for dollar reduction on your AZ State Tax return. Use QCO Code 22306 for that tax dollar reduction on you AZ State Taxes.

Up to \$421 for a single person and \$841 for a couple is available. We also have our "Buy a Bale of Hay" Fundraiser ongoing. Some fundraising ideas could be - a wine tasting or a painting party. Anyone can set up a simple fundraiser. Got "Spare Change" - we'll take it. A scholarship fundraiser would be good to support the riders on scholarships. Several riders ask for funding assistance each year. Little events like a dinner with friends, a t-shirt raffle or a car wash can really help. We appreciate the continued support of regular donors and know they are appreciated to allow us to keep doing.

Usual fundraising and donations were around \$10,697 which was about \$2,000 less than last year. Donations are going the wrong direction. Working to secure donations is a constant challenge. Fundraising is a critical need for all non-profits.

Insurance and repair expenses were stable. Other than a major increase in horse costs, expenses inched up, but remained pretty stable.

New Car Fundraiser. The Elantra is now officially retired at 310,000 miles. We had to finance a new car and chose a KIA Soul. We are seeking donations to pay for it and set a goal of \$26,000. We have received just over \$6,000 to date.

"Poop Bucket Challenge" - "Buy a Bale of Hay" - You can ask folks you know for a \$10 donation to fill a poop bucket with \$10 bills to support our horses. Or \$25 to purchase a bale of hay. If you encourage 5 friends to join in - - and - they ask 5 friends - - and so on we could make it happen. This would give us all we need to support our horses. Donate through Zelle, our Pay Pal Donor Button or better yet, send your Horse Care gift directly to us. Let's fill our bucket up. Thank you to those who donated to our Buy a Bale of Hay fundraiser. It's a start. In 2012 we started the 100 for \$100 campaign. It's still out there - unfinished, but getting closer. Let's finish this campaign by every one please finding just ONE person to gift us \$100. They're just waiting to be asked.

Ask people you know to support us with only \$10 - or better yet \$10 every month . Although it doesn't sound like much, I bet we could bridge our costs if everyone plays a part and makes it happen. What do the big foundations say? "For only \$.33 a day !!!" That's only 1 Starbuck's coffee in a week, a bale of hay costs the same as 1 pizza. AND if everyone found just one person or company to donate \$100, we would meet our campaign goal. Your request gets us in that door. Often folks ONLY NEED TO BE ASKED. Donations have come from various companies simply because their employees asked. Does your company offer funding or grants? You don't know if you don't ask.

Craig and I have personally covered the costs for the New River horses since January 2020.

Our fundraising needs each year are: Insurance \$1,000, PATH Membership \$650, Continuing Education for our instructor, \$500, our 4 horses require board, feed, vet and hoof trimming to the tune of around \$15,000. Our instructor works more than her small salary gives for her time. Instructor compensation has not increased since 2000, in fact we have dropped her compensation since our Mesa location closed. She puts over 50 hours a week into the program with teaching, office administration, fundraising, horse care and exercise. Office and utility expenses never go away. Our Suburban is a 1986 with over 500,000 miles. We have to pay for the new car \$20,000 yet due. We've been using Hudson's personal dually pick-up truck for classes because having the pick-up bed currently makes more sense then using the Suburban. Craig continues to donate time to keep everything running well. Thank you to Abby for helping with the horses.

AND - - - that's my story and I'm sticking to it.
