Implications NOT!***

Yes, Indigenous Hawaiian natives had a one God system well before the Missionaries and Tahitians arrived. It laid hidden and dormant under the oppressive reign of the Tahitians, patiently waiting for “Lono” i.e., Jesus to reappear. It is time to reintroduce, counsel, reveal, and call on the new generation of islanders who are lost and confused, to immediately DISCONTINUE breathing life back into ancient demigods of Polynesia, to heed the call, to once again return to the ONE” true God. ### *The Prophecy Of Kapihe*

Kapihe, another prophet, spoke of the historical events that would occur prior to the arrival of Lono. He predicted the unification of the islands, the collapse of the Monarchy, and equality for all. *"There shall be a long malo reaching from Kuamo 'o to Hōlualoa. The islands shall come together, the tapu shall fall. The high shall be brought low and the low shall rise to heaven."* On November 1819, King Liholiho (Kamehameha II), dismantled the thousand-year-old kapu system by dining with his mother. This act of eating with a woman, once considered outrageous and degrading, signified the total dismantling of the old system and pagan gods. This act cleared the way for the arrival of the true God of Peace, Lono.

Native Hawaiians believed that one day the real Lono, the God of Peace would return. When the missionaries came ashore at Kailua Kona, they brought a gift with them a black bible box. Upon opening the box, the people could not understand the writing. This Hoilona (omen) was the long-awaited spiritual sign that validated the prophecy of Kalaikuaulu. Lono, the God of Peace, i.e., had finally returned.

## *The Mystical Majesty Of Numbers*

All numbers and letters have a specific vocation and value. Happy are those who know and observe them. There are nine base numbers. (1) recognizes a leader, (2) identifies a Peacemaker etc. *All base numbers will be addressed later.* On April 5, 1820, missionaries fulfilled the prophecy and brought Lono back to Hawaii in new and strange form, encased in a black book box, called a bible. The mystical mathematical code which you will learn to use later, validated the prophecies of *Kalaikuahulu* and *Kapihe*. Both the “Peacemaker, and the Prince Of Peace, i.e., Lono/Jesus,” when numerally calculated equal the number (2) they are one in the same!

## *Finding Your Personal Biblical Key*

A personal Biblical key is the culmination of the year, day, and month of birth. Example May 4, 1925. May is the fifth month of the year. Its number is 5. Add to this, the day of birth, 4, and the year 1925.  $5+4+1+9+2+5=26$ . It is esoterically mandated that all double numbers be reduced to a single digit by adding the two numbers together. In this case (26) breaks into  $2+6=8$ . Eight is this souls' biblical key. *Ask and you shall receive, Seek and you will find, Knock and the door will be opened unto you.*

The Numeral calculation of the “Biblical Prince of Peace” i.e., JESUS  $1+5+1+3+1=11$ .

Now that you know and have your personal biblical key, here is an example on how to use it.

### **Hypothesis**

Using the number 8 as a biblical key, open the Bible, place your hand on the New Testament, mentally express your concern then, say the Lords' prayer.

Now randomly open and part the New Testament and allow the pages to fall as they may. Look for the number 8 on both the left and right pages. It could be the number of the chapter as well as the number of a verse within the chapter. Read it carefully. To glean more information, scan for other combined forms of the biblical key number. Example: the number 8 can be seen as 17, 26, 35, 4, 53 etc. These are helpful secondary expansion numbers. Secondary biblical keys are meant to add extra support and help the solution.
