## President's Report

Hello Everyone, Here we are coming into March and heading toward the end of winter (finally!) First of all, I want to apologize for the jokes that were told at the February general meeting. I really did not realize that was what was going to be said and would have stopped it from happening if I would have realized it. I will be more careful in the future about what our meeting jokes are. Second, I offer another apology about a political joke that was in one of the February Siftings articles. I do know the joke was offensive to some and we have taken measures to make sure that type of thing will not be repeated. On to more pleasant things: We had a review of the three computers the club owns and it was recommended that the treasurer's was too old and should be scrapped and replaced, while the other 2 used by the secretary and for the website, are severely in need of up-dates. The board reviewed the report of the computer status and voted to proceed with replacing one and updating the other two at a cost of \$1,500. These days computers are vital for the club functions and expenses like this are going to be needed to keep us operating properly. Dennis Arntson and myself will be meeting with Cory Kirchner and Tyler Anderson from the Next X car club in the coming weeks to discuss our club website and what kind of up-dates we should be looking at. I hope to share an up-date from our meeting with them at the March General meeting. Dennis is also working on re-organizing the Pan Committee and getting the list of active members established so he will also be talking about that at our March meeting. Thanks to Tina for her great job in getting our club membership renewals, with most of us now current. Bob Salmonson will soon be done with his winter break and Doug will be passing the treasurer torch on to him in the coming weeks as Bob transitions in to that position. Looking ahead, couple of 2022 events I have set-up are the multiclub cruise on Tuesday August 2nd. at the Pelican Lake ballroom in St. Anna, and The Club Birthday Party on Saturday November 12th. at the Gorecki Center/St.Bens in St. Joseph. Please look for more details as these events get closer. Please continue to do what you feel is necessary to stay safe from the Covid virus that is still lingering. **Remember to pray for God's protection of our families and friends.**

### **Letter From The Editor**

As your newsletter editor I am tasked with making sure the content of the newsletter is such that it (or at least to the best of my ability) is appropriate and does not offend anyone. I apologize for some content from one of the articles that was printed last month that offended some people. Be assured that in the future I will do a better job of screening the articles and making sure any content that would cause a problem /issue is removed. Again please accept my apology and Thank You. ## Vice Presidents Report

Hi Everyone. We have just completed our second month of the year. The second month did not start out too well. It seems that Pesky Pete, the famous ground hog, did not see his shadow this year because Pesky Pete passed away the day before Ground Hogs Day. So, it has been said that this weather we are having was unpredicted because they are in search for a new ground hog to take Pesky Pete's place for next year. Now I do not know how much of this is true because the internet is not always the most reliable source of information sometimes, but I guess only time will tell next year. On another note, during my research the last couple of weeks I have found out that Warner Noble is still at the Benson Funeral Home in St Cloud and is waiting for a warmer day to be taken to his final resting place at the Cemetery. Mark Benson has informed me that we have time to get the Red Pan Car ready. More information on that will follow in the coming month. Also, I have been looking on the websites for upcoming car shows. More information will be coming in the coming months. That is all I have for this month, **take care, and stay warm.**

“  
**TRASH AND DASH 2022”  
DITCH CLEAN-UP & CAR  
CRUISE TIME!!** It is time again for our MNDOT “Adopt-A-Highway” ditch clean-up effort. For those of you that may not know, the club is responsible for a two mile stretch of State Hwy 25 between mile markers 109 and 111. This year we will be cleaning the ditches on Saturday April 30th 2022, see schedule below for times. If we have bad weather that day, we will reschedule for the following Saturday at the same times noted below. FYI. Depending on the number of helpers, the cleanup effort will run between 1 to 1.5 hours. Following clean up, we will do a car cruise to an unknown destination (even unknown to me at this time) □ No need to pre-register! Schedule: 10:00AM - Meet at Les & Fran Adelman's “garage” located at 3225 125th St. NE. Rice, MN (just west of “Silver Corners” on County Rd 2). Drive your classic, old, custom, whatever to pick up “trash and dash” in vehicle (trash will not be placed in your vehicle). 10:15AM sharp! - Leave for the ditches! 11:45AM (or so) - Return to Les & Fran's to reorganize for a car run. So bring your best ride for this “Trash and Dash” event. Once again, and as always, thanks to Les and Fran for the use of their garage. Be sure to wear weatherproof boots, warm clothes if the weather is bad, good work gloves and a poking stick if you have one (less bending over). We will have heavy duty trash bags, and bright colored vests available to wear. If questions you can call me at (320)333-6019. Thanks! Dennis Arntson (aka - 2022 Car Show Chairperson)

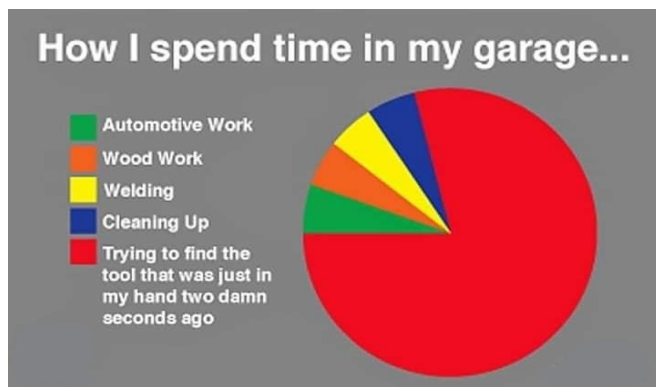

# Car Show Chairman Report

**Hello Everyone,** Well, believe it or not, our Car Show & Swap Meet is less than six months away and we are starting to get things rolling. Bob Halliday and I met before the Benton County Fair Board at their monthly meeting. We were given the opportunity to speak before them about our club and our intent for a 2022 car show. Since quite a few of the board members were new, it was a great opportunity to share with them about our club. The county has us marked down for August 21st and we will be moving ahead with contracts in the upcoming months. Bruce Theisen stopped by with a Thank You plaque that Bob presented to the fair board. ++I had my first car show chairpersons meeting on January 31st. So far, so good. We will continue in the planning and I intend to have a second meeting later in the spring. I have a flyer meeting scheduled tonight (February 21st), but may have to delay it due to snow conditions. In any case, I expect to have the flyer finalized early in March for printing and distribution prior to April. ++ I am working on the car show t-shirt design now, unfortunately I don't have order information ready for the March Siftings, look for it in April Siftings. ++ Although it may not look it, but spring is almost here which means time for Adopt-a-Highway ditch clean-up. Look elsewhere in the Siftings for more information. ++ Back to the car show. I am looking for someone to run "Gate Admissions". If interested, please talk to Adam Nabours about required duties or myself. Also looking for two to handle the new Valve Cover Races that should require three or maybe four hours during the show. Rules for the Valve Cover Races will be posted on our website. If any member has a Valve Cover Racer they want to donate for use by kids during the show, please let me know. ++ Bob Halliday and I will be meeting with others soon to work the next phase of website upgrade. Dave Dickson has done a great job for us for many years working the website and has been "Johnny-on-the-spot" updating the website with information once he receives it. Now we will be seriously looking at ways to evolve our website in keeping up with the times. As with other organizations, the website WILL be the most important way to advertise our club and our annual show. Therefore we must develop our website to be eye catching and easy for users to be guided through to access information. I think it is also time to look at ways to provide the option to register online for the car show /swap meet and possibly other events. This doesn't mean that registration would be limited to on-line only. Let's keep this discussion open and see how online registration works with other clubs, etc. ++ I also have leftover can koozies from our 50th Birthday Party free for all members who didn't get one, and 50th Anniversary Window Stickers for sale at \$1 each. ++ Remember...If you have a project you are working on, recently finished, or intend to do, please write an article along with photos to Jim Zwilling. Would love to see your story. That's all I have for now. **Thanks and remember to.....enjoy the ride!**
