### Car Of The **MONTH**

**1988 Ford Mustang GT**  
**Owner: Jason and Shannon Adamski**

Shannon and I are the third new proud owners of this beautiful 1988 Mustang Gt 5.0. It is an all factory stock build from Dearborn, MI. I have been looking for this particular Mustang for nearly 20 years. I wanted an all original, low mile, scarlet/titanium bottom, turbine wheels, 5 speed manual, gray cloth interior, GT 5.0 (was my wish build sheet car). We were finally able to find it and make the purchase in New Hampshire in July of 2021. It is beautiful in person, nearly show room quality. Thank You Pantowners for voting for our car. Jason and Shannon Adamski.

## President's Report

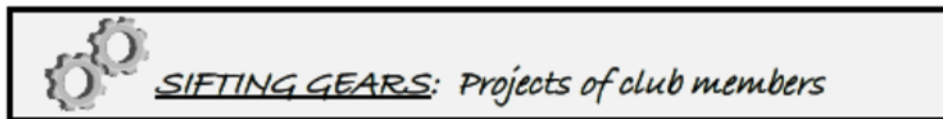

Fall is upon us, the Fall Run is done and only a few car shows remain. Then fall leaves, cooling temps and sad to say, our car passion must go to bed for the long Minnesota winter. I hope that winter will fly by just as fast as the summer seemed to. Our club went to 19 nursing home displays with rave reviews from the residents and staff and the members that supported this community outreach. Many thanks to Dale and Carol Ann Zika for their dedication to this project. The Club Birthday Party is set for November 18th at Coyote Moon at 12:00 PM for happy hour with 1:00 PM dinner followed by games, cash and prizes. Come for the great food and stay for fellowship after as well. The invitation is in the back of the newsletter. You will need to sign up before or by the next General Meeting on November 9th, 2023 so I can finalize arrangements with Coyote Moon. Be sure and wear your name badges for the drawings. The Board is looking for 3 volunteers to be on the nomination committee. We need a Vice President and two first year directors to serve the club for 2024. I am looking forward to next year as Car Show Chairman. Number 49 will be a great show and I know I can count on all of you to help make it great! I would appreciate all of your ideas and suggestions on how to work together to make that happen. The October, November and December meetings will be at the Moose in Waite Park at 7:30 PM. See you there! Remember to get your registrations in for the Club Birthday Party by November 9th.

## **Sewing Machine Tractor**

Hi, I had seen these sewing machine tractors at craft sales and thought that I could make them myself. My sisters both sew so I thought they would make nice birthday presents for them. I located a couple of old sewing machines on Market Place on Facebook. I had some back wheels laying around and bought the front ones on E-Bay. My neighbor gave me the front suspension which I retro-fit onto the front of each tractor. I gutted the machines of as many parts as I could and welded the machine head to the base after cutting it down and mounting it backwards. I used a metal spatula for the tractor seat, which was cut down and bent to fit. I added exhaust and a front chrome emblem. They were both very surprised when I gave the tractors to them. I had surgery in May and it was something I could do in my shop and got me out of the house. Jim Zwilling

## Vice President's Report

**Hello Everyone.** Hello everybody, I can't believe it is already fall. The Pan car was in the Pioneer Days and was received very well. A lot of people did not know the car was even built in St. Cloud. We had a lot of people looking and appreciated that we were there. The Pan Car is going to have some maintenance done before we put it away for the season. Nominations are coming up soon, so please consider taking one of the open positions.

## Fall "Trash and Dash" event Saturday October 7th 2023

Reminder: Our "Adopt-A-Highway" moved to US Hwy 10. A two mile stretch from the overpass at Rice southeast to Pine's Edge Grocery (New BP - old Marathon gas station). Between Mile Post Markers 163 and 165. We will gather at Kathy's pole barn (11770 W. Lake Rd., Rice) on Saturday October 7th at 10:00AM. In case of bad weather, we will postpone to the following Saturday (October 14). We will leave by 10:15AM. We can park at the BP gas station and off the ramps in Rice. As we did last spring, start two groups at each end and meet in the middle (that would make about a 1 mile walk). I would like to have one helper vehicle to pick up walkers and get them back to their cars (Thanks to Barb Neske for doing this last spring). Following clean-up, we will do a car cruise so drive your classic ride. Fall is always a good time for a cruise! We will end up somewhere to grab a bite (location to be determined). I will have safety vests and trash bags. Bring a poking stick, dry boots, and clothing appropriate for the weather. We were short on helpers this spring, so I really would like a head count first so that we can make this happen. Would like a minimum of 12 (prefer 16) walkers plus a vehicle runner. I will be asking at the September General Meeting or you may call me at (320)333-6019. Hope to see you there. Dennis

## Car Show Chairman Report

Hi Everyone, Thanks to all who helped with our car show! It is a team effort and it takes many to make the show happen! I think our show did well considering road construction, the price of gas, competing with The Nationals at Brainard and the fact of Gear Heads being just the day before, and some will not go to a show 2 days in a row. I did a walk through the show and a quick inventory of the attendance, so with what Wendy & Lisa reported and what I counted we had a decent turnout for our show: 414 through the main gate, plus 42 in the Laid-Back class, plus 28 in the ice arena plus 14 motorcycles, also 41 club cars, 4 club motorcycles, the 2 youth winners, the school race car, and the 4 ½ Pan cars. That gives us 550 ½ cars, trucks & motorcycles in the show, 3 peddle cars and bikes, 52 models in the contest and 2 submarine models - plenty to see! In addition, we had over 300 swappers and over 60 cars in the corral for those looking to make purchases. We tried a couple new things this year, one of which was the Laid-Back Class and it turned out to be our largest with 42 entries. This type of thing, a show with out awards, is a growing trend in the hobby currently and this is something I think we can continue to grow with some tweaks and improvements. Thanks to the Next X club for helping with the class and I feel we should continue developing our relationship between our clubs. The second biggest class was our 1994 to present modern muscle with almost 30 entries. Our 2 lowest classes were the Classic 25-48 with only 2 entries and Collector 46-54 with only 3 entries so we can see where the trend is going - the new cars are the future of our hobby. One of the other new things was live music by Robbie Vee, and I had many good comments about Robbie's show and Robbie said he enjoyed our show and would come back if we want - something to think about in the future. Another addition was playing the National Anthem at 8 AM but only a limited group got to hear it, so something to think about how we can improve that and in general the DJ music throughout the show. We made over \$57,000 on the show, about \$2500 more than last year, and due to donations, we received this year to cover some of the expenses, the club is sitting in a good place financially. Speaking of donations, please remember to thank, the following when you see them: Andy Mohs at Miller Buick and GMC for sponsoring our awards and providing radio and internet show promotions, Angela at MCSI for contributing all of our flyers and Don & Lois Blonigen for donating all of our gate passes, meal and pop tickets! I will have show dash plaques at the meeting for any who still wants one. With the huge milestone of our 50th car show coming up in 2 years in 2025, I have formed a committee to plan some special things for that event. So far Randy Marchand, Jim Stodolka and myself are on the committee, and we are welcoming more of you to join us or contribute ideas to help make our 50th show a special event! Thanks again to all for the help and support you have given me - I really appreciate it! As I have said in the past, we have a great car club with great people and I'm proud to be part of it!
