

Kenosha Resident Access during 2024 Wisconsin Marathon, Half Marathon, and 5k – May 4

Please note the following timelines and streets closure notes for these areas of Kenosha when navigating through the city on race morning. A course map with road closure timelines is included. To see a closure time for specific streets, find the letter that starts and ends a section (A to A, B to B, etc.) and find the closure time for that section in the key. Runners have the right of way at all times. When it is safe to do so, police and/or course marshals will allow traffic to flow through intersections along the course. Please note that our marathon course is a double loop, so runners will be occupying streets in varying group sizes the morning goes.

Please be aware of the following:

Downtown area: Access west out of the downtown area will be a little slow for residents between 54th and 61st during the start of the race. Runners will run on 6th Ave and 7th Ave after the start of the race, which is at 7am. Please note that our marathon course is a double loop, so runners will be on parts of 6th and 7th, south of 56th, from roughly 7am to 12:30pm, with varying numbers of runners as the morning goes. Traffic delays should be much shorter during that second loop. 54th and 56th, east of 6th, will be closed for the duration of the event. Please note that runners run around Library Park as well.

6th/7th Ave north of 54th Street will be closed for the entirety of the morning up to 50th Street. The last runner should be off these streets by 1:30pm.

South of 65th, North of 78th: 7th Ave, south of 65th, will be closed off for the race (starting at 7am) but traffic will be able to cross 7th Ave in an east or west direction when it is safe to do so. Traffic attempting to cross 7th will be directed to 59th or 75th to cross. Runners will occupy 7th until roughly 8am for the first wave and until 12:30pm during the second wave. Please note that 65th is being used for the 5k turn off and traffic may be delayed at 65th and 5th from about 7:05 to 7:30am.

Museum Access: If you are headed to the Kenosha Public Museum or the Civil War Museum, you may access those parking lots via 56th. Course marshals and police will wave you across 3rd and 2nd when it is clear of runners. Please expect delays until 12:45pm
