## NEWSLETTER - ISSUE 3 DECEMBER 2020

Welcome to this our second newsletter of 2020 rounding of a very unusual but productive year.

Firstly, I would like to send a Happy Christmas to all our customers and a big thanks to those who have purchased our products and the great reviews.

2020 has been an exceptional year for new releases with over 300 products now in the range including resin accessories, conversion sets and decals.

Not everything went according to plan with a few carry over items but mainly the continuing delays in getting the Wildcat revised parts from the casters which got lost in the post between Birmingham and Oxford and then the revised instruction sheets were not sent out before the Christmas shutdown. My apologies to all the customers waiting for the kit. I am as frustrated as you.

MP Original Masters have continued to make new masters for us as has Retrokit, Colin Picket, Oz-Mods and Paul Lucas. Thank you so much for all your hard work.

Also, a big thank you to the casters who have had to put up with me chasing them all year to keep up with the demand and restocks. Lastly, a brilliant job by my decal artist Jon Freeman and our Printers, Fantasy Printshop and Cartograf. Probably the two best decal printers in the world?

A few words about Covid-19 and the effect this has had on the business.

Firstly, we are all safe and even with a few scares and self-isolation we finish the year in another lock-down as Oxford is Tier 4 from Boxing Day.

Throughout the year we have experienced many delays from the local post office being closed and massive delays in deliveries to both us and to you. I can only apologise and 99% of our customers have been great. However, a few customers have been rude and abusive, and they have had their money returned and I am not sure what planet they are on?

Anyway, onto the exciting new products for 2021.

### **Conversion Sets:**

MHR/NH-90 TTH Interior Set. (From this year. Due Jan)

Lynx AH-9 Conversion Set

Lynx AH-9A Conversion Set

T-45C Goshawk Update set (Due Feb 21)
