## Give your marriage the tools to succeed.

Your marriage is one of the most important and satisfying relationships you'll ever have. And like any quality relationship, to get a lot out of it, you have to put a lot into it. A successful marriage takes an investment of time, effort, and a commitment to your partner and the relationship.

It takes trust, honesty, sharing your goals and dreams, and understanding each other's values and outlooks on life. It also requires good listening skills, having an open mind, and a whole list of other qualities that are sometimes overlooked.

One of the keys is healthy communication. But how do you bring up difficult topics? How do you create a safe environment for open discussion? How do you listen in an understanding and loving way? How do you encourage those heart-to-heart conversations that are so key to really understanding your partner?

## Build a strong, happy marriage with PREPARE/ENRICH.

We created PREPARE/ENRICH as a resource to help couples establish stronger relationships and get to know each other like never before: To truly understand their spouse and themselves. To make difficult conversations easier. To resolve conflicts. To bring couples closer together.

The PREPARE/ENRICH Program is a proven tool, scientifically developed to help couples stimulate honest, open dialogue about some of the most hard to discuss subjects. Using our assessment tools, you'll find it easier to understand your partner and create a deeper, healthier relationship and sustain it over the years to come.
