

# HOW TO LAUNDRER TOWELS

Washing towels is a commitment to come to our storage, pick up towels and take them home or to the laundromat to wash. Once they are clean, you would then fold them, put them in a white trash bag, and return them to our storage. Each pick up, you would take about 3 trash bags full of towels.

We provide laundry detergent, laundry sanitizer and white trash bags for the clean towels.

You would pick the towels up and drop them off at a storage unit in McKinney.

You can have one volunteer who does it each pick up or a group and just rotate each pick up.

We have opportunities for weekly, every other week or standby towel volunteers.
