

The Good Life
Peace of Mind

The Good Life does not want anyone to worry about their pet while they are on medical leave, in hospice, or they pass away. The Good Life Peace of Mind puts in place plans to be done should such event occur. The last thing we want you to worry about is what will happen to your pet while you are not available due to medical reasons. We will take care of your pet until you get out of the hospital and recover, OR you go into hospice, OR you pass away. We will follow your wishes according to below. Please sign and get notarized. We will keep the paperwork on file as well as give you a copy.

We will work with you financially, depending on the situation. This shall be discussed in further detail upon receiving paperwork.

Should I, _____, go into hospital, hospice, or pass away, I give The Good Life AK LLC. temporary ownership of my pet(s).

Please list pets:
