Stanford Code in Place

Congratulations Maher Ali Rusho,

You have been accepted to Code in Place

Thank you for your patience. We had 70,000 applications and it takes a lot of work to process all of the applications. We are truly excited to get to teach you.

Please confirm your place in the course by going to this link by Sunday April 23rd, noon in Pacific Time. You aren't in the course until you accept via codeinplace. Section sign up times are first come, first serve, so sign up as soon as you can.

The class starts on April 24th, 9am in Pacific Time. We will release lessons, coding challenges, as well as open up the course discussion forum.

We very much look forward to having you in class! Welcome to Code in Place
