

# RED HARP

BIRMINGHAM, ALABAMA  
INDIE ROCK

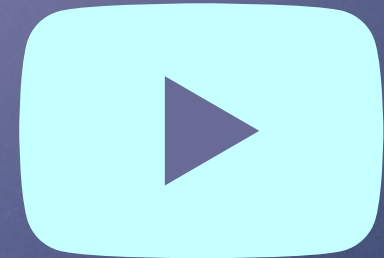

**MUSIC VIDEO FOR  
'RESTLESS'**

**The Heartfelt E.P.  
Out Now!**

**Red Harp** is an American rock band from **Alabama** with old folk tendencies and new punk roots. Fronted by girl/guy duet harmonies and backed by an eclectic blend of instrumentation and styles – Red Harp has been **pushing the boundaries of southern originality** for years and continue to make good on their vow to never write the same song twice.

**Garret Kelly** (guitar/vocals) put in the time to master his craft. He spent years touring North America as a founding member of indie rock group **Wild Sweet Orange**, and shared the bill with the likes of Counting Crows, and Kings of Leon. The release of **'The Heartfelt E.P.'** showcases the versatility of his penmanship both on paper and on the fretboard, composing duets with wife, **Katie Kelly** (vocals/keys) and using the constant supply of inspiration from fellow musicians, **Lori Cheng** (cello/organ), **Macey Taylor** (bass), **Kit Goldschmidt** (drums) – Red Harp is the outlet for a seemingly endless supply of creative vision and gripping lyrical song writing.
