

Cottosealer 2000

cotto / terracotta solvent base sealer

Product Data

Cottosealer 2000 has been formulated after years of research for a simpler and lasting treatment for cotto-tiles and terracotta tiles. Cottosealer 2000 when use after treatment with Moistproof 1050 provides an excellent stain, grease, water and oil protection. Cottosealer 2000 can be used for both internal & external application and it does not create a thick yellowish film. Cottosealer 2000 has been studied to provide a tough protection for heavy pedestrian traffic.

Method of Application

- All areas must be fully dry prior to application.
- Use directly from container / drum. No Dilution!
- Always test on a small area of the stone / tile away from the main area before actual application for surface sensitivity.
- Use application with a soft brush / roller
- Apply evenly and only in THIN coats. Do not over apply with dripping or soaking wet!
- Always apply in thin application. Clean off excess or spillage with Stripper X 1100 immediately.
- Should a 2nd coat be required, apply after 1st coat has cured or at least 12 hour after.

Coverage Guide1 litre / coat = 10m²**Type of Surfaces**
