

Dear Parents of First Graders:

We must have an updated Physician's Report Form for your child before he/she can begin 1st grade. If the last report form you submitted to the office was before March 1, 2018 your child's physician needs to complete another form. Please stop by or call the office to see if your child's form is up to date. If not, the enclosed Physician's Report Form must be filled out by the physician **and returned to WVCA no later than June 7th.**

Thank you,
WVCA Administration
