### Important Re-Enrollment Notification

The 2021-2022 Priority Re-enrollment period is more important than ever. Due to the implications of COVID-19, spots are limited for the following school year. We provide our currently enrolled families a priority period to complete re-enrollment before our applications go live to the public.

Please carefully review all items, complete, and submit your student's re-enrollment documents, annual registration fee, and ensure your account is in good standing before **FEB 14** to guarantee placement next school year. We will begin to accept applications from the public FEB 15.

**Your child's placement is not guaranteed without receipt of email confirmation from the WVCA Office upon submission of all required documents and registration fees. We will only accept full and complete re-enrollment packets.**
