

EASTER MONDAY 2024 RACE ACKNOWLEDGMENTS

Inner City Cycling Connection, Inc. and Chavarria Cycling Club located in Belize are sending a Big Thank You to everyone for a GREAT race on Monday morning April 1, 2024. The race was speedy for all riders. I want to thank all cyclists both males and females that came out to partake in the race. I also want to send a special Thank You to all the officials, Mr.Gons, Mr.Ordonez, and all our supporters for making it possible.

Once again, we are looking forward to a bigger and better race in 2025 on Easter Monday and in the following years to come. We are looking forward to get the road in Burrell Boom restructured with asphalt. This would give our cyclists a much smoother surface to ride on which will result in a safer race. Mr. Gons has mentioned that he and his racing team will not participate in any other race at that location if the road is not repaired. We are kindly asking for everyone's support for a special petition to sign and send to the Minister of Public Works and that area representative to get the road fixed the right way.

Please help support us so that we can get Mr. Gons and his team back with us so that we can continue to make the Easter Monday Race a classic.

AGAIN A BIG THANK YOU TO ALL FOR A GREAT RACE,
ONE LOVE ALWAYS, AND MUCH RESPECT.

Don Harris – President Inner City Cycling Connection, Inc.
