*And His
name shall be
called,
Jesus!*

A snowflake begins to form when water vapor condenses around a speck of dust high in the clouds—up to six miles up—and then crystallizes. How the water vapor keeps on condensing and where the snowflake falls “is what determines the way the snowflake, or snow crystal, looks when it lands on your coat sleeve. It is extremely sensitive to microenvironments.”

Between 27°F and 32°F, for example, crystals take the form of six-sided plates.

Below that, needles form. A few degrees colder yields hollow columns; chillier yet, fernlike stars. If temperatures drop further, plates and columns form again. These crystals—usually six-sided because of the way hydrogen atoms bond with oxygen to create water—may eventually sprout branches, which continue to grow as additional water molecules cluster on the crystals' surfaces.

Humidity also plays a role. Drier air encourages growth across flat surfaces, for example, while higher humidity encourages growth at the tips, edges, and corners. More water vapor also leads to faster-growing and more intricate crystals.

To further complicate matters, as a crystal falls, frost could freeze to it or another passing flake could break off some of the crystal's branches. Even the approach of a water drop can influence how a branch grows.

“By the time it reaches Earth, it may not have any resemblance to the very simple crystal that it started out as six miles up.”

*Mariana Gosnell, New York-based writer, Author of
Ice: the Nature, the History, and the Uses of an Astonishing Substance*

...and others!

Here's the Scoop On the Tuba

The tuba is the largest and lowest pitched brass instrument. Sound is produced by vibrating or "buzzing" the lips into a large cupped mouthpiece. It is one of the most recent additions to the modern symphony orchestra, first appearing in the mid-19th century, when it largely replaced the ophicleide. Tuba is Latin for trumpet or horn. The horn referred to would most likely resemble what is known as a Baroque trumpet.

PERFORMING ARTS OPPORTUNITIES

- ♦ Iberia Community Band, **Christmas Concert**, Dec. 13, 2009, 3:00pm, Westgate High School, New Iberia

So Joseph also went up from the town of Nazareth in Galilee to Judea, to Bethlehem the town of David, because he belonged to the house and line of David. He went there to register with Mary, who was pledged to be married to him and was expecting a child. While they were there, the time came for the baby to be born, and she gave birth to her firstborn, a Son. She wrapped him in cloths and placed him in a manger, because there was no room for them in the inn. *Luke 2:1-7*

THE
Organization
Established in 1990

The Eunice Community Concert Band & Choir, Inc. was organized in February of 1990 with the intent to promote vocal and instrumental music in Eunice and the surrounding area. The organization is open to anyone who enjoys and appreciates vocal and instrumental music. There are no auditions or dues. We depend solely on the contributions of merchants and individuals and provide two concerts each year, July and December. The organization is operated by volunteers and pays no salaries.

In the last nineteen years the band and choir has produced thirty-nine concerts. Also during our first nineteen years, we have provided music for: Eunice July Fourth celebrations, LSUE commencement exercises, city inaugurations, Eunice Centennial Celebration (performing an original work by Dr. Quincy Hilliard, ASCAP, commissioned by the ECCBC for the celebration), LSUE community fun days, Eunice Christmas celebrations, and presented concerts in Crowley, Oakdale, Ville Platte and Lafayette. Several members of the community choir participated in a concert at Carnegie Hall in New York City in 1994. Joining singers from across the country, the group was

directed by Dr. James Haygood and world-renowned choral conductor John Rutter.

The ECCBC has enjoyed much success since 1990. Membership in the organization has grown to over 150. For any given concert there may be as few as forty or as many as eighty of those members performing on stage. For many, the rehearsal season provides a wholesome social activity and an opportunity to meet new friends.

The organization adds to the uniqueness of this city. *Very few* American cities the size of Eunice have a musical organization such as the ECCBC. We are proud of all that we have done and look forward to serving the Eunice area with quality, family programs for many years to come. ☼

Merry Christmas

OUR LOGO

In 1992, the ECCBC commissioned the University of Louisiana at Lafayette art department to create a logo for the organization. After a meeting with Dwight Jodon, Pat Dossman and the department, approximately fifteen art students set about the task of designing an appropriate ensignia.

Several of the proposed designs centered around the organization's acronym, ECCBC. However, the winning design was a simple graphic. It symbolizes the semicircle staging used by musical ensembles globally. The image is one *in motion* as the conductor's baton sweeps across the design. This particular logo was selected because of its simplicity and because the ECCBC is determined to move forward into the future with the mission of sharing the gift of music with the residents of Acadiana.

We will begin using the logo more frequently to identify the organization. We are proud to celebrate our nineteenth birthday this year, and are excited about our future. It is our desire that this logo become...*a mark of excellence!*

In 2010, the ECCBC will celebrate its

20TH

anniversary!

Two very special concerts are being planned to celebrate the occasion!

----- TOY TRAIN -----

While working as a mall Santa, I had many children ask for electric trains. "If you get a train," I would tell each one, "you know your dad is going to want to play with it too. Is that okay?"

The usual answer was a quick "yes," but after I asked one boy this question, he became very quiet. Trying to move the conversation along, I asked what else he would like Santa to bring him. He promptly replied, "Another train."

THE
Liberty Center

Construction of this vaudeville silent movie house began in 1920. Financial failure halted construction on the *Electric Theater* with the outside walls only partially completed. Purchased by Claude Keller and A.F. McGee Sr., the theater was completed and opened July 19, 1924 as the New Liberty Theatre.

This *Premier Temple of Amusement*, is listed on the National Register of Historic Places by the United States Department of the Interior and has been included in the National Trust Guide of Great American Movie Theaters Preservation Press Guide published by the Smithsonian.

Christmas In History

- 1233:** St. Francis of Assisi assembled one of the first nativity scenes in Greccio, Italy.
- 1651:** The General Court of Massachusetts passed a law making the observance of Christmas a penal offense and ordered a fine of five shillings for "observing any such day as Christmas."
- 1818:** The song *Silent Night* was performed for the first time at St. Nikolaus church in Oberndorff, Austria.
- 1831:** Louisiana and Arkansas became the first states to observe Christmas as a legal holiday.
- 1959:** Future Beatles drummer Ringo Starr received his first set of drums as a Christmas present.
- 1968:** After Apollo 8 circled the moon for 20 hours, Jim Lovell told the world, "Hello, Houston, there is a Santa Claus, we're coming home."
