THE
Liberty Center

Construction of this vaudeville silent movie house began in 1920. Financial failure halted construction on the *Electric Theater* with the outside walls only partially completed. Purchased by Claude Keller and A.F. McGee Sr., the theater was completed and opened July 19, 1924 as the New Liberty Theatre.

This *Premier Temple of Amusement*, is listed on the National Register of Historic Places by the United States Department of the Interior and has been included in the National Trust Guide of Great American Movie Theaters Preservation Press Guide published by the Smithsonian.

 The cornerstone of the US Capitol building in Washington, D.C. was placed by President George Washington on September 18, 1793. The ceremony was preceded by a parade and followed by celebration and feasting.

OUR LOGO

In 1992, the ECCBC commissioned the University of Louisiana at Lafayette art department to create a logo for the organization. After a meeting with Dwight Jodon, Pat Dossman and the department, approximately fifteen art students set about the task of designing an appropriate ensignia.

Several of the proposed designs centered around the organization's acronym, ECCBC. However, the winning design was a simple graphic. It symbolizes the semicircle staging used by musical ensembles globally. The image is one *in motion* as the conductor's baton sweeps across the design. This particular logo was selected because of its simplicity and because the ECCBC is determined to move forward into the future with the mission of sharing the gift of music with the residents of Acadiana.

We will begin using the logo more frequently to identify the organization. We are proud to celebrate our sixteenth birthday this year, and are excited about our future. It is our desire that this logo become...*a mark of excellence!*

THE *Organization*

Established in 1990

The Eunice Community Concert Band & Choir, Inc. was organized in February of 1990 with the intent to promote vocal and instrumental music in Eunice and the surrounding area. The organization is open to anyone who enjoys and appreciates vocal and instrumental music. There are no auditions or dues. We depend solely on the contributions of merchants and individuals and provide two concerts each year, July and December. The organization is operated by volunteers and pays no salaries.

In the last seventeen years the band and choir has produced thirty-four concerts. Also during our first seventeen years, we have provided music for: Eunice July Fourth celebrations, LSUE commencement exercises, city inaugurations, Eunice Centennial Celebration (performing an original work by Dr. Quincy Hilliard, ASCAP, commissioned by the ECCBC for the celebration, LSUE community fun days, Eunice Christmas celebrations, and presented concerts in Crowley, Oakdale, Ville Platte and Lafayette. Several members of the community choir participated in a concert at Carnegie Hall in New York City in 1994. Joining singers from across the country, the group was

directed by Dr. James Haygood and world-renowned choral conductor John Rutter.

The ECCBC has enjoyed much success since 1990. Membership in the organization has grown to over 150. For any given concert there may be as few as forty or as many as eighty of those members performing on stage. For many, the rehearsal season provides a wholesome social activity and an opportunity to meet new friends.

The organization adds to the uniqueness of this city. *Very few* American cities the size of Eunice have a musical organization such as the ECCBC. We are proud of all that we have done and look forward to serving the Eunice area with quality, family programs for many years to come. ☼

Here's the Scoop On the Saxophone

A musical instrument invented in the 1840s by Adolphe Sax. Although it uses the single reed of the clarinet family, it has a conical tube and is made of metal. The most common today are the alto, tenor, and baritone. The saxophone has a powerful tone, between woodwind and brass in quality and blending well with both. It is best known for its extensive use in dance and jazz music. It has a small serious solo literature.

All saxophones, except those in C, are transposing instruments.

Which president said that The White House was too large—"big enough for two emperors, one Pope, and the grand lama"?

Thomas Jefferson

GEORGE Washington Trivia

1732-1799

- Washington was the only Founding Father to free his slaves.
- He was the only president who did not live in Washington D.C.
- The nation's capital, along with 1 state, 31 counties and 17 cities (maybe 18 counting the town of "George," in central Washington State) are named in his honor.
- As a farmer, he is credited with introducing the mule to America.
- He was the only president to win a unanimous vote of the Electoral College.
- Washington's 2nd inaugural address was the shortest ever delivered - 135 words.

How do we know so much about GW? He wrote thousands of letters explaining his beliefs and positions; he kept daily diaries and journals with records of his activities; and he maintained written accounts of all his expenditures. These documents provide unusual insight into his thoughts and feelings and a unique window into life during the 18th century, the operation of a plantation, and conditions during the wars in which he served.

The ECCBC extends special thanks to **Mr. Kent Aguillard** for helping to make *Star-Spangled Summer* an extra special evening. He is responsible for the script and portrayal of our two colonial guests tonight.
