EUNICE PLAYERS' THEATRE

A non-profit community theatre in Eunice, LA that began its operation in 1969 and has been continually operating to this day. The board of directors oversees the production of four shows per year, completely produced by volunteers dedicated to bringing quality live theatrical performances to patrons of the Acadiana area.

**The perfect gift - a gift
certificate to the Eunice
Players' Theatre next season.**

DID YOU KNOW?

Monarch butterflies spend the summer in North America before migrating south. Also, the

average butterfly flaps its wings around 20 times per second. The Monarch butterfly, on the other hand, flaps its wings around 5 to 12 times a second.

THE
Organization
Established in 1990

The Eunice Community Concert Band & Choir, Inc. was organized in February of 1990 with the intent to promote vocal and instrumental music in Eunice and the surrounding area. The organization is open to anyone who enjoys and appreciates vocal and instrumental music. There are no auditions or dues. We depend solely on the contributions of merchants and individuals and provide two concerts each year, July and December. The organization is operated by volunteers and pays no salaries.

In the last thirty-two years the band and choir has produced sixty-two concerts. Also during these years we have provided music for: Eunice July Fourth celebrations, LSUE commencement exercises, city inaugurations, Eunice Centennial Celebration (performing an original work by Dr. Quincy Hilliard, ASCAP, commissioned by the ECCBC for the celebration), LSUE community fun days, Eunice Christmas celebrations, and presented concerts in Crowley, Oakdale, Ville Platte, Lafayette and New Iberia. Several members of the community choir participated in a concert at Carnegie Hall in New York City in 1994. Joining singers from across the country, the group was

directed by Dr. James Haygood and world-renowned choral conductor John Rutter.

The ECCBC has enjoyed much success since 1990. Membership in the organization has grown to over 180. For any given concert there may be as few as forty or as many as eighty of those members performing on stage. For many, the rehearsal season provides a wholesome social activity and an opportunity to meet new friends.

The organization adds to the uniqueness of this city. *Very few* American cities the size of Eunice have a musical organization such as the ECCBC. We are proud of all that we have done and look forward to serving the Eunice area with quality, family programs for many years to come. ☚

OUR LOGO

In 1992, the ECCBC commissioned the University of Louisiana at Lafayette art department to create a logo for the organization. After a meeting with Dwight Jodon, Pat Dossman and the department, approximately fifteen art students set about the task of designing an appropriate ensignia.

Several of the proposed designs centered around the organization's acronym, ECCBC. However, the winning design was a simple graphic. It symbolizes the semicircle staging used by musical ensembles globally. The image is one *in motion* as the conductor's baton sweeps across the design. This particular logo was selected because of its simplicity and because the ECCBC is determined to move forward into the future with the mission of sharing the gift of music with the residents of Acadiana.

We are proud to celebrate our thirty-second birthday this year, and are excited about our future. It is our desire that this logo would be recognized as *a mark of excellence!*

A FEW FUN SUMMER FACTS

1. The first modern Olympic Games were held in the summer in 1896 in Athens, Greece.
2. The first day of summer is between June 20th and June 22nd every year.
3. Watermelon is one of summer's best summer treats. Did you know that watermelons are not a fruit, but a vegetable instead? They belong to the cucumber family of vegetables.
4. The Eiffel Tower actually grows in the heat of the summer. Due to the iron expanding, the tower grows about 6 inches every summer.
5. If you love ice cream, the summer season should be your favorite. July is National Ice Cream Month.
6. Roman general Mark Antony named the month of July after Julius Caesar.
7. Ice pops were invented in 1905 by an 11 year old boy.

RIDDLE TIME

Over the years, many of you have challenged us to challenge YOU! Some believe riddles should be quick and easy; some believe they should twist the brain a bit. These, our music-loving friends, are brain twisters. Good Luck!

1. You measure my life in hours and I serve you by expiring. I'm quick when I'm thin and slow when I'm fat. The wind is my enemy.
2. You see a boat filled with people. It has not sunk, but when you look again you don't see a single person on the boat. Why?
3. What word in the English language does the following: the first two letters signify a male, the first three letters signify a female, the first four letters signify a great man, while the entire word signifies a great woman. What is the word?
4. What English word has three consecutive double letters?
5. A girl has as many brothers as sisters, but each brother has only half as many brothers as sisters. How many brothers and sisters are there in the family?
6. When Billy's asked how old he is, he replies, "In two years I will be twice as old as I was five years ago." How old is he?
7. One of these words does not belong: Which is it and why? Brawl, Carrot, Change, Clover, Proper, Sacred, Stone, Seventy, Swing, Travel. It's got nothing to do with order they are in.
8. I can heal and kill without touching you. What am I?
9. Which candles burn longer. Church candles or birthday cake candles?
10. What word is pronounced the same when you take away four of its five letters?
11. If an electric train is moving north at 55 mph and the wind's blowing east at 70mph, which way does the smoke blow?
12. Which English word is the odd one out: Stun, Ton, Evil, Letter, Mood, Bad, Strap, Snap, and Straw?

ANSWERS found elsewhere in the program.

- 7: Across, starting at (5,7) and ending at (5,10)
- 8: Across, starting at (6,4) and ending at (6,6)

Did you know that July is National Ice Cream Month?

It's the perfect time to indulge in the sweet treat, though you'd need a huge appetite to master the biggest scoop ever, which weighed a belly-busting 3,010 pounds.

Created by Kemps Dairy in Cedarburg, Wisconsin as part of their 100th anniversary, the scoop stood 5'6" high, stretched 6'2" wide, and was made of around 733 containers of ice cream. What flavor, you ask? Strawberry, which means that it was a pretty pink and looked as good as it surely tasted!

5.Kettle 6.Knife 7.Tent 8.Hat

If this is how far Cleco goes to be safe around electricity, how far should you go?

Extensive Safety Training

Hard Hat

Safety Glasses

Insulated Rubber Protective Sleeves

Special Insulated Rubber Gloves with Rubber Glove Protectors

Flame-Resistant Shirt and Pants

Kevin Hebert, Cleco Senior Line Mechanic

At Cleco, we go to great lengths to be safe around power lines. Here are a few things you should do. Never trim trees or dig around power lines. And always stay away from downed lines. Respect electricity and it will do its job. We'll make sure of that. For more electrical safety information, go to cleco.com.

Our people. Your power.
