

Recycling Committee Minutes

July 18, 2023

Meeting convened at 3:00 p.m.

Attending: Richard Meyer, Rachel Bartlett, and Dave Poklemba

- A sample brief survey questionnaire was offered to be handed out at the transfer center, on an 8 a.m. to 2 p.m. schedule. The questionnaire is intended to help determine the current interest in separating glass and #1 and #2 plastics for recycling. Exact dates to be determined. Volunteers for this would be greatly appreciated.
- The visit to the transfer center by Dave and Rachel covered container placement which would make snow removal easier, removal of the old port-a-let, and plans to remove the non-functioning metal container for recycling.
- There exists an ongoing issue of when the containers are emptied – some calls to empty them are disregarded, while others are removed prematurely.
- Signage issue –the signs that were attached to the containers with magnets were not removed prior to emptying of the containers, so they were discarded.

Next committee meeting is scheduled for Tuesday, August 22, 2023, at 3:00 p.m. The public is welcome to join with questions or concerns.

Meeting adjourned at 4:00 p.m.

Respectfully submitted,

Rachel Bartlett
