Interior Color:	Gray	For Sale By:	Private Seller
Number of Cylinders:	8		

Description from the gentlemen I purchase the car from:

1993 Ford Mustang Cobra with only 5,465 miles. Production #622 of 4,993, and only 1 of 1,000 Red/Gray leather units produced. Factory options include: Vibrant Red Clear-coat gray leather interior, preferred equipment PKG .250A, Power Equipment Group, Manual, Air Conditioning, Front Floor Mats, Flip-up Open Air Roof, Front License Plate Bracket Driver's Seat, Rear Window Defroster, Leather Seat Surface-Artic SPRT.

This Cobra is 100% original with the exception of the battery, which was exchanged with a proper Ford replacement. This is an investment grade vehicle and has been treated as a entire life. Study the photos and you will notice the amazing condition of the paint, and how the passenger seat does not even looked sat in. All of the factory grease markings and stickers are still on all vehicle components, including the undercarriage.

I have all of the original documentation. The factory unopened cassette tape, unopened belt buckle latch, SVT letter, SVT certificate, SVT invite to performance school, SVT envel brochure, owners manuals, shipping tags, warranty booklet, Ford #1 keychain, both sets of original keys, wallet hide-a-keys, spare tire, inspection receipts, I even have the paper lic when the Cobra was registered the first time (not until 1997). These are the items that have become very hard to find and are missing from other partially preserved Cobras. If you these vehicles in the future, you will need all of these items to maintain the greatest number of points at shows. There are not many unmolested 93 Cobras remaining. Many are att modified units back to stock but once tampered with they are never the same. This is one of the true survivors.

History: The car was purchase new for a collection in 1993 from Magic City Ford in Virginia and immediately put into storage until 1997. In 1997 it was purchased by an attorney only 114 miles. The Attorney used the Cobra as a show car for local events until 2001 and then sold it to an enthusiast in Virginia with only 974 miles. The enthusiast used the Cc times a month and always washed and garaged it after each use. It was then sold to the gentlemen I purchase it from in 2006 with 4,800 miles. From 2006 to 2017 only 600 miles v car.

I purchased it with 5,378 miles and it now has only 5,465 miles. It's always stored in climate controlled environment.

Up for auction is a 1993 Ford Mustang LX Coupe 5.0 Coupe Red/black int. 5spd with 1800 miles. A LX 5.0 Coupe is one of the hardest Fox bod I looked for years when I bought this car and they never come up for sale with miles like this. I have all owners books and window sticker is on tl This car has always been stored right. The underneath of the car is like new with no undercoating. This car is all stock and is like going back to 1 seeing one at the Ford Dealership when they were new. This car is out of my private collection and is one of the best Coupes you will find. I hav Coupe like this for sale in years. This car can be shown at anytime. I know these cars and have been collecting them for years, so I know a nice your chance to own one of the nicest coupes anywhere. If you have a collection, and have been wanting a Coupe, here you go. Check my feedb with confidence. Any questions call Mike 704-634-2347. The car can be shown at anytime.

Description

Lot #851 - The popular Fox Body Mustang saw its final year in 1993, after serving as Ford's performance flagship from 1979 into the '90s. The R (factory race model) was limited to just 107 units, this example being #11. Ford used several super-high-performance options along with several factory delete items, leaving the R model in a category of its own; however, it was only offered to licensed racers. This car was delivered to Lombard Ford in Connecticut in the spring of 1993. It stayed there until January 2016, when it was sold to Jerry's Classic Mustangs in Alabama. It includes all documentation since new. This car has never been dealer-prepped, has never seen water and has only had two previous owners: Lombard Ford in Connecticut and Jerry's Mustangs of Alabama. Included in the sale are all of the new car documents, including the Window Sticker. This Mustang is powered by a 5.0-liter SVT engine mated to a 5-speed manual transmission, and has just over 500 actual miles from being used at special events during the past 25 years. It comes with a Deluxe Marti Report.
