Is someone taking advantage of your good nature?

How can I help?

Senior abuse. Know the warning signs. Find help.

Older Adults have the right to live safely and manage their affairs. When someone violates those rights and causes harm, that's abuse. Often the abuser is someone on a position of trust, like a family member, friend or caregiver. If you are being abused or suspect abuse, we can help.

What is Healthy Families?

We offer both pre-natal and parenting support for families with children 0-6 (with extension of working with families and their children up to the age of 13, if pre-natal - age 6 children are present in the home).

The intent of Home Visitation is to increase protective factors thereby increasing a family's capacity to provide responsive parenting in a safe and nurturing environment.

We also offer PCAP for eligible families, which allow our facilitators to work with families whose children may not be in their care, but still supporting the families on their road to recovery and their identified goals of what successful parenting looks like for them.

Eligibility for our PCAP program is:

- Pregnant or postpartum up to 1 year of age
- Used or continue to use alcohol and/or other substances during their pregnancy
- And wish to make a change for themselves and their families
