

ENERGY STAR® APPLIANCES

Air Cleaner: \$25

Room air cleaners remove fine particles, such as dust and pollen, from indoor air. An ENERGY STAR model could save about \$144 in energy costs over its lifetime.

Clothes Washer: \$25

ENERGY STAR clothes washers use 25% less energy and 33% less water compared to standard models.

*Rebate available for homes with electric water heaters only.

Dehumidifier (portable): \$25

Dehumidifier (whole-home ducted): \$200
ENERGY STAR dehumidifiers have more efficient refrigeration coils, compressors and fans than conventional models, so they use less energy.

Dishwasher: \$25

A standard-sized ENERGY STAR dishwasher costs about \$55 per year to run and can save about 3,850 gallons of water over its lifetime.

Heat-Pump Water Heater: \$150

ENERGY STAR heat-pump water heaters can save a four-person household about \$330 per year on electric bills compared to a standard electric water heater.

LED Recessed Downlights: \$2

Certified recessed downlights produce far less heat and last at least 10 times longer than incandescents.

Room Air Conditioner: \$25

ENERGY STAR room air conditioners use less energy than standard models and often include timers for better temperature control.

HEATING & COOLING REBATES

Air-Source Heat Pump (electric backup): \$150 – \$300

Air-Source Heat Pump (gas/propane backup): \$600 – \$1,000

Air-source heat pumps provide up to three times the amount of energy they consume. Use a certified Quality Install contractor and receive an additional \$100 rebate.

Central Air Conditioner: \$150 – \$300

High-efficiency models will cut your cooling costs. Use a certified Quality Install contractor and receive an additional \$100 rebate.

Central A/C or Heat Pump Tune-up: \$30

Tune-ups keep your equipment running efficiently and help cut cooling costs. Apply for this rebate every other year.

ECM Recirculating Pumps: \$75 – \$900

ECM recirculating pumps help ensure hot water is readily available at faucets without waiting for it to travel from the water heater. ECM pumps modulate their speed, saving energy and money.

Geothermal Heat Pump: \$200/ton

Geothermal heat pumps are among the most efficient and comfortable heating and cooling technologies available because they use the earth's natural heat to provide heating, cooling and, at times, water heating.

Mini-Split Heat Pump: \$250 – \$400 per outdoor unit

**Mini-Split Air Conditioner: \$150 – \$200
per outdoor unit**
Mini-split systems use multiple indoor units connected to an outdoor unit via refrigerant lines. These highly efficient systems allow for customized heating and cooling in each space.

ENERGY STAR Smart Thermostat: \$25

ENERGY STAR smart thermostats automatically adjust to save energy when you are asleep or away. They can be controlled remotely using a smartphone, tablet or computer.

ELECTRIC VEHICLES (EVs)

ChargePoint® Home Charger or Level 2

Charger: \$150 – \$500

Connect a Wi-Fi-enabled ChargePoint Home Flex charger to your local utility and receive a \$500 rebate. Receive a \$150 rebate by purchasing a qualifying Level 2 charger of your choice.

Get Your REBATE

1. Purchase and install qualifying equipment.
2. Complete a rebate form, available from your local municipal utility or at brightenergysolutions.com.
3. Within 90 days of purchase, send the completed form to your local utility along with the sales receipt and any other required documentation.

Please dispose of used appliances in an environmentally friendly way.

WHAT IS ENERGY STAR

ENERGY STAR is the government-backed symbol for energy efficiency, providing simple, credible and unbiased information that consumers and businesses rely on to make well-informed decisions. Since 1992, ENERGY STAR and its partners have helped American families and businesses save 5 trillion kilowatt-hours of electricity, avoid more than \$500 billion in energy costs and achieve 4 billion metric tons of greenhouse gas reductions.

ENERGY STAR is the simple choice for energy efficiency, making it easy for consumers and businesses to purchase products that save them money and protect the environment. It's that integrity that has led Americans to purchase more than 7 billion ENERGY STAR products since 1992. For more information on ENERGY STAR products and energy-saving tips, visit energystar.gov.

FOR MORE INFORMATION

Using electricity wisely can reduce energy bills, improve comfort and protect the environment. The Bright Energy Solutions® program provides cash rebates (or bill credits) to help make your energy choices easier.

For additional information or to inquire about rebates, please contact your local municipal utility or email info@brightenergysolutions.com.

To find participating utilities or download rebate forms, please visit brightenergysolutions.com. Rebates are subject to change without notice.

Getting a rebate is easy!

1. Purchase and install a new ENERGY STAR product.
2. Complete this application form.
3. Mail completed form to your electric utility **within 90 days of purchase**, along with copy of your dated sales receipt. Or email to: rebate@brightenergysolutions.com

This rebate offer is good for purchase of new ENERGY STAR certified product(s). Restrictions apply, as noted. This offer is available to customers of participating municipal electric utilities listed on the back of this form. Equipment must be installed in a residence served by a participating electric utility. **Exterior installations do not qualify.** Equipment must not be used to qualify and receive payment for energy savings from any wholesale electricity market.

To receive rebate, mail completed application, along with your dated sales receipt, to your participating municipal utility, or email to rebate@brightenergysolutions.com. **Applications must be postmarked within 90 days of purchase.** Incomplete information will delay or disqualify your rebate. If you do not receive your rebate within eight weeks, please call your participating utility. Utility may conduct an inspection to verify installed equipment.

This rebate program is reviewed and authorized each year for incentives that are available from January 1 through December 31. This rebate offer is available on a first-come, first-served basis, and can be changed or withdrawn at any time without notice. The utilities do not warrant the performance of installed equipment expressly or implicitly. Offer is subject to change without prior notice. Void if copied or transferred or where prohibited by law. One rebate per product purchased. **Rebate will not exceed purchase cost of equipment.** Not responsible for lost, late, or undelivered responses. This form has no cash value. Please retain a copy for your records.

Any use of this rebate or form except as described herein constitutes fraud. Fraudulent submissions could result in federal prosecution under U.S. Mail Fraud Statute (18 U.S. Code, Section 1241 and 1242). Please dispose of used appliances in an environmentally friendly way.
