A PERSPECTIVE:

Plan View Drone Aerials, LLC (PVDA, LLC) is a photography company headquarted in the Old Fourth Ward neighborhood of Atlanta, GA. PVDA was envisioned by a Civil Engineer and Construction professional named William Brown in the early 2010s. PVDA was formally established during the pandemic of 2020.

The mission of PVDA, LLC is to provide a more informed photograph to select clients. Clients that want to capture the essence of their hardwork and their resulting success.

PVDA's select clients include architects and engineers, builders, planners, realtors, business development professionals, public outreach firms, and technical publishers. PVDA plans to extend deeper into the construction industry by offering photogrametry, quantity surveying, mass-grading plans, aerial mapping, and asset documentation.
