I think we can all agree with rates currently, things are really slowing down. With us heading into the “refinance season”, many of us are looking for new, creative, EASY things to help generate business and keep your name out there. Whether you’re the owner OR a worker for a small company, I think we will all agree, working together to grow the business is priority #1.

Idea for this month, get yourself in front of the camera! Make a video and post on social media. Quick, short, to the point, and talk about a program many wouldn’t know about. It can get people interested and have them coming to see you when it’s time!

We had a great turnout for our continuing education class this past week. Great information given by our presenters Brent Rasmussen and Chuck Sederstrom. Thank you to all who came out, we look forward to seeing you next year!
