

ECOSYSTEM PLUS is a proprietary, biocatalytic system in liquid concentrated form. This product is designed to stimulate and accelerate the natural and biological reactions that cause organic substances to decompose.

ECOSYSTEM PLUS contains no bacteria or other microorganisms to interfere with or disrupt municipal treatment systems.

ECOSYSTEM PLUS requires no complex or expensive installation, is practically maintenance free, and even optimizes the effectiveness of existing equipment. It is metered into the waste effluent according to the flow of organic contaminant levels, such as biological oxygen demand, suspended solids, fats, oils and grease.

Non-toxic ECOSYSTEM PLUS is harmless to humans, animals, marine life or the environment. It is non-irritating to sensitive skin and is non-flammable and non-corrosive.

ECOSYSTEM PLUS contains no combustible or corrosive materials. It can be used safely near open flame or in poorly ventilated areas.

Non – Toxic

BIO-ORGANIC CATALYST
THE POWER IN NATURE

ECOSYSTEM PLUS™

MUNICIPAL & INDUSTRIAL WASTEWATER TREATMENT

CONTAINS NO BACTERIA

NON-TOXIC
NON-HAZARDOUS
BIODEGRADABLE
NON-FLAMMABLE

5 US gal. / 19 litres 55 US gal. / 208 litres
46 lbs / 21 kgs 504 lbs / 229 kgs
Patent No 5,108,746

Application Rate – A starting dose of 3ppm per 100 parts BOD is used to establish the new system. After 1-4 weeks the rate is reduced to a maintenance dose of 0.5 -1 ppm per 100 parts BOD.

Used as directed, Non-Toxic ECOSYSTEM PLUS is hypoallergenic and does not contribute to skin or respiratory reactions under normal conditions.

ECOSYSTEM PLUS eliminates the unpleasant odours normally associated with decomposing waste materials.

ECOSYSTEM PLUS is stable. Shelf life is six (6) months to one (1) year if stored unopened at temperatures below 32°C.

ECOSYSTEM PLUS is available in 19 litre and 208 litre non-returnable plastic drums.

Contents: Water, cell-free bio-catalysts, bio-surfactants, emulsifiers, organic stabilisers and minerals.

Keep out of reach of children.
MADE IN USA
