MAKE A CONSIGNOR SUPPLY KIT & START SAVING HANGERS!

Before you're ready to start tagging, gather the supplies you'll need :) Dollar Tree & Amazon are the BEST & EASIEST! Ask your friends & family to save all their extra hangers for you!

4

GATHER YOUR ACCEPTED ITEMS

Start with the LARGEST items that take up the most space in your home. Next, tackle the most "troublesome" room. (ie. kids' closet, playroom, or basement.) You'll feel accomplished!!

5

SEPARATE ITEMS BY CATEGORY - This will help save time when entering your items in your account & for a faster drop-off.

✓ CLOTHING: Separate first by gender then size (IE. 2T Girls PJ's, Swim, etc)

✓ BOOKS/GAMES ✓ TOYS ✓ SHOES ✓ BABY ✓ BEDDING/BATH

6

PREP ITEMS & HANG YOUR CLOTHES!

Use storage bags for toys sets & shoes. Rubberband hangers together to make a set! Keep similar items together so it's faster entering them in your account. The system remembers last entry, so you won't need to change category or size options.
