FUN & GAMES

ARIES (March 21 to April 19) You're doing better on a flexibility issue, but you still need to loosen up a bit to show that you can be less judgmental and more understanding

about certain sensitive matters.

TAURUS (April 20 to May 20) Your personal aspect continues to dominate this week, but try to make time to deal with im-

portant career-linked matters as well. A change of plans might occur by the weekend.

GEMINI (May 21 to June 20) Excuses are not really needed for much of the

confusion occurring this week. However, explanations from all parties could help in working things out to everyone's satisfaction.

CANCER (June 21 to July 22) A surprising (but pleasant) recent turn of events continues to develop positive aspects. But be prepared for a bit of a jolt on another issue that needs attention.

LEO (July 23 to August 22) Creating a fuss might bring you the attention that you want. But are you prepared for all the ex-

plaining you'd have to do? Better to use more subtle ways to make your bid.

VIRGO (August 23 to September 22) With education continuing to be a strong factor this week, this could be the time to start learning some new skills that can later be applied to a bid for a potential career move.

LIBRA (September 23 to October 22) You might do well to reconsider some of your current priorities before you get so deeply involved in one project that

you neglect meeting the deadline on another.

SCORPIO (October 23 to November 21) With an important decision looming, you need to be careful about the information you're getting. Half-truths are essentially useless. Get the full story before you act.

SAGITTARIUS (November 22 to December 21) Find out what everyone's role is expected to be before accepting a workplace proposal. Getting all the facts now could prevent serious problems later on.

CAPRICORN (December 22 to January 19) A flexible position on a workplace matter could be the best course to follow during the next several days. A personal issue also benefits from an open-minded approach.

AQUARIUS (January 20 to February 18) Involving too many people in your workplace problem can backfire. Remember: Allegiances can shift. Ask trusted colleagues for advice, but don't ask them to take sides.

PISCES (February 19 to March 20) Before submitting your suggestions, take more time to sharpen the points that you want to make. The clearer the presentation, the more of a chance it has to get approved when submitted.

BORN THIS WEEK: Your clear sense of who you are gives you the confidence you need for tackling difficult situations.
