FUN & GAMES

ARIES (March 21 to April 19) Rumors of a change in the workplace could make you a mite uneasy about going ahead with implementing your ideas. Best

advice: Ignore the talk and proceed as planned.
TAURUS (April 20 to May 20) Everyone has an opinion on how to handle a recent business sugges-

tion. Thank them for their advice, then go ahead and follow your own fine instincts.
GEMINI (May 21 to June 20) While home is your

main focus this week, new issues in the workplace need your attention as well. Take things step by step. Pressures will ease in time for weekend fun.
CANCER (June 21 to July 22) Be less rigid when handling a relationship problem. You might believe you're in the right, but try to open your mind up to the possibilities of facts that you're currently unaware of.

VIRGO (August 23 to September 22) Change is favored early in the week. This should make it easier for you to reassess your plans for handling a troubling professional relationship. Good luck!
LIBRA (September 23 to October 22) A suggestion from a colleague could give your professional

project a long-needed boost. Meanwhile, someone close to you still needs your emotional support.

SCORPIO (October 23 to November 21) Before complying with a colleague's request, check to see that the action benefits all, not just one person's agenda. Continue firming up any travel plans.

SAGITTARIUS (November 22 to December 21) Your social life is on the upswing, and the only problem is deciding which invitations to accept. Enjoy yourself before settling down for some serious work next week.

CAPRICORN (December 22 to January 19) With your creative aspects on high, you might want to restart your work on a project that you put aside. Your efforts will bring a surge in your self-esteem.
AQUARIUS (January 20 to February 18) While you're generous with others, be sure that you're not overlooking your own needs. Take time to assess your situation and make adjustments where necessary.

PISCES (February 19 to March 20) Being applauded for your achievements is great, but watch out that you don't start acting like a star. It could lose you valuable support with your next project.

BORN THIS WEEK: Your strong belief in justice along with your leadership qualities help you protect the rights of others.
