

WELCOME TO ANOTHER SEASON OF FUN AND SUN.

The Aquadeo volunteer Fire Department has had a busy 2018 and has improved your department considerably.

Following are some of the highlights that were carried out during 2018.

1- Equipment purchased

- 2 complete sets of personal protective Equipment (PPE).
- A foam inductor system for the fire truck, which will help on the requirement of water in fighting a fire.
- An upgrade on the fire truck as to having all radios, lights and directional equipment power wired into the truck for a constant charging system.
- A new nozzle and some hose.
- A fire extinguisher for the disposal area north of the Village.
- Fire Department shirts were ordered and given to each member.

2- Other events and upgrades

- The AED cabinet has been upgraded so that the AED will be permanently (all seasons) installed on the corner junction of Aqualane Ave. and Park Ave. **Please take note of the location in case of an emergency**
- A successful golf tournament (\$2570.00 net profit)– with a thank you to all who attended, donated prizes and to Mr. Peter Delainey for the use of his prestigious golf course.
- An Aug long week-end demo display and participation of Junior residents with the fire hose, followed with a well attended hot dog lunch.
- A primary and secondary Helo pad landing sites established with user kit developed and placed on fire truck.
- A completion and approval of the Fire Departments SOP Has been carried out.

3- SOME FRENDLY REMINDERS

- Ensure that your residents are free of potential fire hazards.
- Check AED location.
- If you need your fire extinguisher checked, contact an AVFF for assistance.
