

EASY WAY AMPHIB STEPS

Embark & disembark your floats. The easy way.

FLOAT STEPS SIMPLIFIED

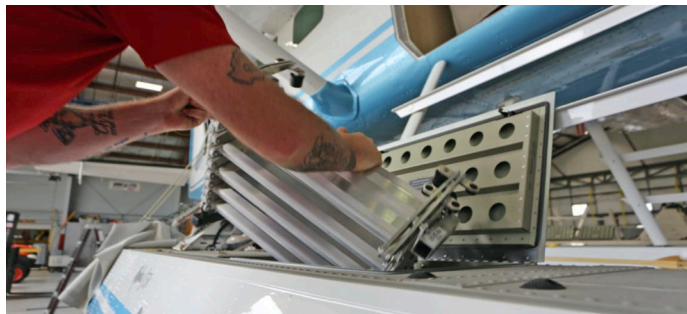

The all new Easy Way Amphib Steps provide a safe, sturdy, natural way to walk on and off your amphibious floats.

Made of 100% lightweight aircraft-grade aluminum and stainless steel, the collapsible steps can be stowed in the float locker.

Currently available for all WipAire and Aerocet Amphibious Floats as well as for the Cessna SkyCourier. Contact us for custom orders.

- 01** Retrieve the steps from the storage well and unfold.
- 02** Drop the top brackets into the plug holes on float.
- 03** Simply walk onto your aircraft.
