

2024 BONEHEAD PODCAST TOURNAMENT SERIES

2024 BONEHEAD PODCAST TOURNAMENT SERIES

We've talked about it for years... and now it's here!

We are hosting a Tournament Series - linking all of our Tournaments together!

The BPTS will not affect scores or winners on the day at each Tournament - that all stays the same, but what it does do is give a season long scoring system for coaches that come to multiple of our events.

Winning a One Dayer is awesome... Winning a One Yearer... that's something else!

— How It Works —

All you need to do is play in multiple of our events! We will track the scores; and your best 3 scores (from single day events) will go towards your Series Points!

We are hosting 5 Tournaments throughout the year (Beachhead Bowl, Beachhead Sevens, Dorset Dungeon Bowl, Summer Team Cup, and Bonehead Bowl).

You do not need to attend all events - just whichever ones you fancy playing in; but the more events you enter; the better chances of hitting some high scores!

E.g. At Beachhead Bowl you score 90pts, at Dorset Dungeon Bowl you score 57pts, at the Summer Team Cup you score 49pts, and at Bonehead Bowl you score 88pts.

Your Series Points would be the total of your top 3 results (90 + 57 + 88): 235pts

— Bonus Points —

While we have the rulesets for all our tournaments available (or available soon), there will be a few bonus points that are only applicable to your Tournament Series Points.

+10pts per Match Played

(Beachhead Bowl and Beachhead Sevens only - this is baked into the standard scoring system from Dorset Dungeonbowl onwards).

— Scoring Systems —

The above very fancy graphic shows the scoring systems from all the tournaments this year.

We have added in the +10pts per match to the Beachhead Bowl and Beachhead Sevens scoring systems mentioned previously.

— Dorset Dungeonbowl —

We will be moving to the Three Ball system in our Dungeonbowl event this year; as from experience it makes for a much more engaging game - that's why there's a max of 3 TDs.

— Summer Team Cup —

Only your personal score from the Summer Team Cup will be applicable to the Series points.

— Bonehead Bowl: Mixed Teams —

If you are running a Mixed Team at Bonehead Bowl (and you should - they're so much fun!), your score will be allocated to one of the teams (chosen by you) team for the purposes of the Regional Championship.
