

HEALTH & SAFETY POLICY STATEMENT

It is the intension of Grade 1 Steel Erectors Ltd to ensure so far as is reasonably practicable the welfare and health and safety needs of its employees, customers, visitors and members of the public affected by us. This document has been prepared to define the way that this company intends to manage health and safety and to meet the requirements laid out in the Health and Safety a work Regulations 1999, The Construction Design and Management (CDM) Regulations 2007 and all other associated legislation,

So far as reasonably practicable Grade 1 will provide:

A safe place of work including access and egress from them.

Work equipment and plant that conforms to the standards set out in the PEWER and LOLER regulations

Adequate information, Training and instruction to ensure work is carried out safely.

Adequate welfare facilities.

Safe systems of work, working environment and procedures.

In acknowledgement of its responsibilities towards Welfare, health & safety, the companies Managing director Mr G Parkinson has appointed Mr M Briggs as Health and Safety Representative to ensure the highest commitment and implementation to company Health and Safety policy. As Health and safety is a joint responsibility of management and all its employees & Subcontractors our Health and Safety Representative will communicate all ideas and views of the staff whilst maintaining a high safety level

This policy will be reviewed annually to ensure the objectives of the policy are being achieved.
