**WINCORE**<sup>®</sup>  
WINDOWS & DOORS

## Rich, Durable Painted Finishes That Look Great Year After Year After Year After Year.

Color is what makes your door come alive. That's why we work hard to make sure all painted Wincore® Entry Systems feature a long-lasting, even finish. Applied in a HAPS-free (hazardous air pollutants), climate-controlled environment by skilled craftsman, the deep color hues are protected by a clear coat and oven-cured for durability.

Choose from many standard, designer paint options, including the three newest trending colors – Mariner, Aquarium and Au Contraire.

## Experience the Depth of Hand Rubbed Stains.

With subtle color depths enhancing the woodgrain textures, Wincore's® hand-finished stains combine traditional finishing with modern durability. Finished in a climate-controlled, HAPS-free environment, stained entry systems are also coated with a clear coat for maximum protection. Our newest stain additions of contrasting colors (only for doors with Oak Grain textures), bring a modern warmth to your home. All stained doors can have the same color on both sides, or a different color on each side.
