**Blinds Between Glass**

62% of Homeowners are unsatisfied with their current Patio Doors.

# LET'S CHANGE THAT.

## BLINDS BETWEEN GLASS ARE THE ANSWER TO A HOMEOWNER'S NEEDS

43% of Homeowners prefer Blinds Between Glass.

Blinds are sealed behind tempered glass for a seamless appearance, and enjoyed by Homeowners for their easy operation and many benefits.

- Eliminates dusting.
- Prevents damaged blinds.
- Adds privacy, security and light control.
- Helps control solar heat gain.
- Low E glass.
- Easy raise, lower & tilt operation.
- Safe for children and pets.
