Film: **Miss You Already**  
Director: **Catherine Hardwicke**

**Catherine Hardwicke:** *'We wanted to do this movie because everybody's been touched by cancer in one way or another, whether it's through a friend, a relative or whatever. There are some raw moments you go through. There are some intense moments, personal, intimate moments, highs and lows. It's that experience of real life but with larger-than-life characters, in a way... That was the essence of this: How do you keep laughing, keep living, keep surviving no matter what hits you.'*
