

Homework Club Details

Homework Club Details

These details are intended to support homework club expectations while in extended child care.

What is Homework Club?

It is a scheduled, quiet time to start on homework with adult supervision. The goal is to offer as much quality time at home for families in Cougar Club extended care if children are present during their H.W. Club scheduled time.

What Homework Club is not?

It is not tutoring.

It cannot replace the parent engagement for review of completion, accuracy, or parent agenda signature.

Group 1 (Kindergarten & 1st Grade)

4:00 PM-4:45 PM

Group 1 plays outside first as a quality measure. The children were just in school, and need play before diving back into homework. If you pick-up during this time, you can be assured your child's brain and body is ready for homework once home.

Group 1 Homework Club transitions indoors from outside play, and usually takes about 10-15 mins to have water, use the bathroom, and get groups organized with Agenda's out. We realistically spend about 30 mins engaged in homework.

Cougar Club teachers go over the Agenda's in small groups, and guides homework completion starting with unfinished class work, worksheets, and then review of flash cards in pairs, or studying of poems in small groups. **We do not do the reading with your child per WVCA Teacher request.**

If your child is requiring 1:1 support with H.W. or struggling in an area that would be better completed at home with family please let our teachers know. WVCA teachers also provide tutoring for those needing additional support.

Impacts to Homework Club

Onsite Sport Events- Students will have the option to participate as a fan
Special Events/Activities that Cougar Club Participates- i.e. Rock Your School Day
Fridays- We do not have Homework Club on Fridays
