

New England Veterinary Conference

September 27-30, 2018

Portland, Maine

New England Veterinary Medical Association 2018 Board Members

President: David Stowe, DVM (New Hampshire) is a graduate of the Cummings School of Veterinary Medicine at Tufts. Dr. Stowe is a Past President of the NHVMA and just completed his term as president of the NH Board of Veterinary Medicine. He currently serves on the Advisory Board of the NH Veterinary Diagnostic Laboratory, and is an AVMA Alternate Delegate. When not involved in veterinary medicine, he spends his time with his family and enjoys sailing, hiking, and rowing.

President-Elect: Michele M. Consiglio, DVM (Rhode Island) is chief of staff at West Shore Animal Clinic in Warwick, Rhode Island. She received her DVM from St. Georges University in 2004 and performed a clinical rotation at Louisiana State University. Dr. Consiglio is a Director of the Rhode Island Veterinary Medical Association, a member of the Rhode Island Board of Licensure and was named Rhode Island Veterinarian of the Year in 2013. She spends her spare time with friends and family which includes three black cats and a Boston Terrier.

Treasurer: Mary Labato, DVM, DACVIM (SAIM) (Massachusetts) is a Clinical Professor in the Department of Clinical Sciences at Cummings School of Veterinary Medicine at Tufts University. She received her DVM from Tufts in 1983. She is a Past President of the Massachusetts Veterinary Medical Association and is the 2014 recipient of the Massachusetts VMA Distinguished Service Award. Mary and her husband Paul share their home with a Bernese Mountain dog and a cat.

First Vice President: Kristine L. Hoyt, DVM (Maine) owns Cats on Call, a feline-only practice in Scarborough, Maine. She received her DVM from the University of Wisconsin in 1990. She initially trained to work with zoo animals, before completing an internship in small animal surgery and medicine. In the summer of 2010, she traveled to Botswana, where she worked in the bush,

tracking leopards for the purpose of placing radio collars. She lives at Higgins Beach with her daughter, three cats, and one dog who thinks she is a cat.

Second Vice President: Edward Grace, DVM (Connecticut) is a partner at Bolton Veterinary Hospital, a 23 doctor small animal and emergency referral hospital in Bolton Connecticut. He is a 1988 graduate of Purdue. Dr. Grace lives in Coventry Connecticut with his wife Susan, son Adam, and their dog Daisy. Dr. Grace has served on several town committees, the CVMA board, and was for 16 years the Cross Country coach for Coventry High School. When not working his interests include running, cycling, nordic skiing, and piano.

Third Vice President: Hailey Gentile, DVM (Vermont) is an associate veterinarian at Onion River Animal Hospital in Berlin, VT. She is a 2007 graduate from Washington State University and lives in Newport Center, VT, a stone's throw from the Canadian border, with her husband, one dog (Bow), and a cat (Noodle). She is a past president of the Vermont Veterinary Medical Association and a previous chair/current member of the AVMA Veterinary Leadership Conference Planning Committee. In her free time, Dr. Gentile loves to travel with her husband, hike, and watch Steeler football!

Immediate Past President: Rich Armstrong, DVM (Vermont) is a partner at Hinesburg Veterinary Associates, a 2-hospital small animal practice in northwestern Vermont. He received his DVM from the University of Georgia in 1995. Dr. Armstrong and his wife Kristin, also a veterinarian, live in Hinesburg, Vermont with a multitude of dogs and cats. He enjoys playing drums in a band and cheering on the Georgia Bulldogs football team when he's not practicing veterinary medicine.

The New England Veterinary Medical Association is essentially a federation, with each New England state VMA appointing or electing a Director, whose primary purpose is to plan this annual Conference, now in its 84th year. Every veterinarian who is a member of a New England state VMA is also a member of our New England VMA. In recent years almost all of the annual net financial gain from this Conference has been distributed in equal shares to the charitable foundations of the six New England VMAs and to the Veterinary Scholarship Trust of New England (VSTONE).

Our Conference now also hosts the Northeast Veterinary Leadership Meeting, at which the top elected leaders and staff of the New England states and New York discuss key issues with AVMA leadership and Region One Delegates, the Dean of Cummings School of Veterinary Medicine at Tufts and New England's state and federal regulatory veterinarians.

Welcome to the 84th New England Veterinary Conference

On behalf of NEVMA's Board of Directors, I would like to welcome you to Portland and the dandiest little veterinary conference in the world!

The New England Veterinary Medical Association and our annual conference exist to serve the veterinary professionals of New England and beyond. Our goal is to tailor the educational experience to the changing needs of the profession. After expenses, revenue generated from this meeting is divided among the charitable arms of the six New England VMAs and VSTONE.

This year's lectures include behavior, dentistry, emergency medicine, dermatology and pain management, all requested on last years' evaluations, plus parasitology and hematology, to name a few. We are very excited about a new half-day session on "One Medicine" which will bring together health experts from a variety of medical disciplines.

In order to meet your expectations, we need your feedback. Please fill out the conference evaluation form and turn it in before you depart. Help us make this the best education possible.

Don't forget to download the conference app, it has a wealth of information.

The NEVMA Board of Directors have set a goal to make this meeting as green as possible. Reducing paper waste, encouraging the use of refillable water containers and composting all food scraps are some of the steps we have taken. If you have other suggestions, please share them with us.

And after a long day in meetings, we hope you will get out and enjoy some of the wonderful opportunities that Portland has to offer. Catch up with old friends or make new ones. Portland is a great little city.

Thanks for joining us.

David B. Stowe, DVM

2018 President, New England Veterinary Medical Association

An advertisement for Ethos Veterinary Health. The top left features the "ETHOS VETERINARY HEALTH" logo in a bold, blue, sans-serif font. Below the logo is a dark grey box with the heading "OUR SERVICES" and a list of services: 24-hr Emergency/Critical Care, Cardiology, Clinical Pathology, Compounding Pharmacy, Dermatology, Diagnostic Imaging, Internal Medicine, Neurology, Oncology, Ophthalmology, Sports Medicine & Rehabilitation, and Surgery. The background of the ad is a photograph of a golden retriever's head in profile, looking towards the right. At the bottom left is a small house icon and the website "ethosvet.com". At the bottom right is the text "Providing 24-hour emergency and specialty care for pets with locations throughout the Northeast."

Thursday, September 27

IDEXX

“BAD NEWS. GOOD NEWS.
JUST GIVE IT TO ME.”

Pets can't talk to you about their kidneys.
Now, the Catalyst[®] SDMA Test helps you assess kidney function in-house earlier than any other test.¹⁻³

For deeper insights into kidney health, run SDMA whenever you run BUN and creatinine. Add the Catalyst SDMA Test to every in-house Catalyst chemistry panel so you can advise with confidence.
