## Book Review

The entire world is driven by information. Who has it and how to get it faster? This mentality, while effective for business purposes, is crippling every Christian's walk with the Lord. In this day and age, finding five minutes to sit down and say a prayer is almost impossible for some, until now. 'These are the words from the Official Press Release on Matthew O'Dunlami's book 'Holy Spirit Manufactured Prayer' and I have to say that I wholeheartedly agree with him!

This landmark book which was first published in 2011, has seen great demand in Europe particularly Germany and 2014 has seen now translated and available in German.

This easy to read book is not just another book, it is bursting at the seams with over 1000 prayer points and devotionals inspired by the Holy Spirit. 10 years in the making this is the book that every intercessor, prayer warrior or believer needs to read and have in their reference library. Encouraging every reader to 'pray with understanding' Matthew begins by ensuring the single most important relationship you will ever have, particularly for prayer, will be your relationship with The Lord Jesus Christ and by the end of the first chapter you will know who are in Christ with the 'Know Who I am' declarations – awesome! Alongside all of the prayer devotionals there are the relevant scriptures to not only help increase our understanding but keep us in alignment with God's purposes and plans and this in turn marries perfectly with the prayer points, truly inspired.

I liken it to a 'prescription' for those who are finding it difficult to make headway in their prayer walk or sometimes we think we are ok just plodding along with the same routine, I can testify it not only increases understanding but helps you in this 'busy world' to create a schedule and stick to it – it's like a diet really if you don't stick to it you are liable to put on weight again, well Matthew teaches us that this is an essential part of prayer. By having a schedule it enables us to pray daily, regularly and unceasingly and keeps us totally in alignment with God's Word and His Will.

## Matthew Dare O'Dunlami

1. How did you come to know the Lord Matthew?

It was about 44 years ago when I was 12 years old. Lord Jesus Christ first came to talk to me every night to share some things with me as I can remember. Then through my Parents: Emmanuel and Comfort ODunlami. I remember vividly in early 1960's through the 1970's, in a remote African village, Apena-Ake, when I was in my teens. My dad and mother conduct prayer meetings everyday of the week, around 7PM in the evening, except on Sundays when we attend church service. Now, when I looked back to that time, I recall that most of our Christian neighbors came to attend the prayer meetings. Even some children of unbelievers came to worship with us, they later brought their parents one by one to my dad's house to attend prayer meeting. Everyone in our neighborhood knew very well, that, my dad's house was a house of prayer.

2. You have just published a new exciting book called Holy Spirit Manufactured Prayer what is so different about this book and how do you believe it can change people's walk with the Lord?

This book contains over 1000 prayer points inspired by the Holy Spirit and it took 10 years before it finally published. It is a Daily Devotional prayer book and has specific prayer points for each day that will speed up the way you pray. Every prayer points also include Scriptures for further studying.

3. Matthew you were born into Christianity over fifty years ago and have been involved with Prophetic Ministry for over 14 years. You stress in your book that it is important to 'pray with understanding' – what exactly does this mean to you?

Yes, I was born to Christianity family over 50 years. The Lord has been revealing things to me since I was a young boy of 12 years old. Praying with understanding means that your prayer must include and align with what the Scriptures are saying. Most people just pray without really know the will of God concerns them. The will of God concerns us is the word of God in the Holy Bible.

4. How important is it to align our prayers with the Word of God? Why?

As we are fast approaching His next coming, I believe the LORD wants to reveal His plan, His place, His provision, and His purpose for our lives. But for us to get there, we must partner with Him through vigorous prayer. Luke wrote in the book of Acts, "but we will give ourselves continually to prayer and to the ministry of the Word." (Acts 6:4) The Angels of God who delivers messages to children of God only understands the Word of God proceeds out of our mouth, which is spoken at the hour of prayer. Speaking the word of God through the power of Holy Spirit helps us to pray the mind of God.

5. Do you believe that the 'Hi Tech' communication environment this generation is living in is affecting the effectiveness of the walk of the believer? If so how and does this also affect our prayers?

Yes, the Hi Tech communication environment is affecting the effectiveness of the believers in the Kingdom. Enemy always goes after the information that was suppose to be use to promote the Kingdom of God. He went after our first parents and perverted the original word they received from the Creator. He has perverted mind of many Christians by different communication systems through that were exposed. Also in other hand this Communication system was ordained by God to give humanity access to use and to promote the Gospel of Jesus to all nations. Therefore at the same token enemy is using it today to attack believers in so many ways especially in the area of sex immorality and perverted words that are cursing nations family, churches and nation to collapse. Everything God created, were good.

6. Many people would argue that we are 'blessed' as it is by just being believers, do you believe that effective prayer brings a 'special blessing'? If so why should we seek a special blessing?.

Yes we are all blessed. Jesus Christ went to the cross 2000 years ago for our sin and we have victory already. Meanwhile He told us to pray always. His three disciples disappointed Him when He was about to face death while heading to transfiguration, but came back three times and found them sleeping three times. He demanded or required from them to pray at least an hour but failed Him. If Jesus Christ the Son of the Creator still praying to the point of His death at the cross and until His assignments were totally completed. I believe there are many things Jesus still wants to share with us while we are seeking Him through prayer. The only way we ought not to pray is when the Holy Spirit too finished His own assignment, which no one knows when that time will be.

The salvation of lost souls will demand from any follower of Christ to Pray special blessing for over 6 billion people that do not know Him yet. Pray for one another to remain in faith and pray for salvation of loss souls who yet not know Christ. There is Special Blessing Reward (Special Crown) waiting in Heaven for those who seek after His heart: witness to unbelievers. He came to deliver us from death and to give us everlasting life. He came as the Lamb of God that was slaughter but His coming back like Lion of Tribe of Judah to judge every mankind include those who has died already.

7. What was the most important truth that you believe Jesus taught us about prayer?

The truth is the will of God concerning us. Our prayer must align with the Scriptures. Praying with Scriptures will allow us to pray the will of God (most people do not know the will of God upon their lives). When they asked Him how they should pray Matthew 6:10: "Your kingdom come Your will be done on earth, as it is in heaven."

- Prayer Reveals the Mind of God
- Prayer Helps to Renew Our Mind-Set
- Prayer Shows Humility to Our Creator
- Prayer Keeps Us Spiritually Alert for Kingdom Purposes
- Prayer Prepares Us for the Second Coming of Our Lord Jesus

8. By 'pinpointing' or 'targeting' our prayers in specific ways and in specific areas how much more effective can we be?

Holy Spirit manufactured prayer for us, it all depend how much you have fellowship with the word of God, the Holy Bible. When you pray, Holy Spirit brings all things to your memory and He can also be specific. Those who are born of the Spirit will be able to tap into the mind of God through the help of the Holy Spirit.

9. How long did it take you to write 'Holy Spirit Manufactured Prayer' and did you come across any obstacles when writing it?

Holy Spirit Manufactured Prayer book took ten years before it finally came out. There are lot of challenges came along the way because it is a prayer book that will help individual to be closer to God and also deliver them by praying these Holy Spirit inspired prayers. When I have tried many times to get it published a word came to me from Lord and He said to me, to begin to fast and pray until is launched. After 100 days fasting and prayer the book finally completed and launched on the 100th day of fasting and prayer.

10. Your book is available in English and German. Are you working on any other projects?

Holy Spirit Manufactured Prayer is available in English and also translated in German language. Yes, I am currently working on other projects such as The Prophetic Ordinance Blessing, Don't Blame Women and The Firstborn Syndrome which we expecting to be launch this summer.
