

Musquodoboit
Valley Health
Foundation

The Musquodoboit Valley Health Foundation was created in 1995. Its purpose is to secure funds for the Musquodoboit Valley Memorial Hospital, Braeside Nursing Home, and other community health care needs.

As a Foundation our mandate is to manage the funds we have and to continue to raise funds for our community health care.

One of our fundraising projects is the annual Christmas Wreath Campaign.

Only through your generosity will we be able to continue this worthy endeavor, and reach our goals.

When a donation is made in memory of a loved one, a plaque is made with their name and placed on our "Memory Board" in the entrance of the Hospital.

Please give, to help us provide the residents of the Musquodoboit Valley a healthy and continued quality of life.

Each gift is greatly appreciated!!!
