

The Lord has opened the door! After two and a half years, God has provided the opportunity for us to be back on the field with a team. The journey over the pandemic has not been easy. The upcoming days will be filled with new challenges and protocols. Yet, the door is open and more are coming. We praise Him for the ways He has sustained us and carried us to this point!

We will take a team to Slovenia to work along side Wade and Joan Killingsworth from October 21st through the 29th. These precious friends moved to Slovenia in

January 2020 and have been able to remain in country working on language during most of the Covid shut downs. They now are moving out to work in a small community outside of the capital with a Slovene couple to

plant a church. This is exciting work, and we are so thankful for the opportunity.

The fall season begins with a trip to Slovenia, and we are looking ahead to 2023 to get back on the field. Through the pandemic we have remained connected to our faith family and friends around the world. Some things have changed for them in work and ministry. However, opportunities remain abundant, and the need for short-term missional experiences is great. In fact, we've had multiply partners request teams. Moving closer to 2023, I ask for your help in several ways.

First, we need you to join us in prayer for our faith families around the world that have been struggling with lockdowns yet seeking to remain focused on meeting the needs of people during this time of the pandemic. Many church gatherings were impacted and have not regained their former momentum.

Some doors of ministries opportunities have closed while others have opened. Pray with us for wisdom and discernment as we plan to go and rejoin our family and friends on the field. We are praying for simple travel protocols, health of the teams and the faith family on the ground, and for freedom to minister in places of dire need.

Next, we need you to consider when you can join us on a team. It has been a long time since the church abroad has experienced our support and encouragement face to face. We need you to join us as we build teams to go and walk with our brothers and sisters in the field. We need encouragers to travel to the church and spend some time praying, lifting up, and encouraging those who have remained faithful this whole time. We have ministry opportunities in the spring and summer already forming. The summer and fall dates will be mapped out soon. Please consider how you can join us on a team and help share and show the Gospel to the nations while building up the believers among those nations.

The third way you can join us is to provide financial support. For two and a half years we have watched that support of the ministry and our family drop almost every month. We have sought to remain faithful to the calling and have adjusted to the level of
(continued on next page)

support by adding more jobs for us here at home. Sheryl has added classes and tutoring to her schedule to help provide needed income during these days. I have been remodeling homes and helping provide repairs and work at friends' houses to help provide financial support for the family and ministry. We will continue to work this way to provide as long as we need to do so. God has used these various jobs to sustain us and to provide for our family during a difficult season of life.

At the same time, we are asking you to consider joining us or rejoining us in the efforts to reach the world and teach the Word through supporting this work financially. On each trip we take we average of \$3000 worth of ministry expenses for supplies and provisions for ministry. With the open door for at least ten trips next year, that's an amount of money that we

need to raise to simply meet needs on the ground as we serve. In addition, we as a family try to funnel as much of our resources to the field as we can, yet we do have to try and remain

faithful to provide for the family here at home. Please consider joining us this fall either monthly, quarterly, or even one time, with financial provisions

to help us reboot the work across the field and get the doors open again for teams to share and show the Gospel around the world.

Donations can be made via PayPal to

donations@1wayministries.org, and all gifts are tax deductible. You can also use Venmo to sheryl-turner-1way (please specify the gift is for 1 Way Ministries to receive contribution credit).

In the coming days we will publicize a trip schedule for 2023. Please pay close attention to the dates as they come out and join a team! We will begin this fall to build teams for 2023 and want you to be a part of this exciting work of reaching people with the hope of the Gospel and teaching the church the Word of God as they grow and reach their community. Trips to Guatemala, Mexico, Peru, and Slovenia are in the works. Don't wait. Jump on board now and send us a note. Share with us the ways you are praying for us and for the brothers and sisters in the field. Send us your commitment to join a team in 2023 and start getting things in order now to go (update that passport!). Share with us support for the future work of ministry and send that support our way so we can get the Bibles and supplies and commit to the projects the churches need. Join us today as we reach the world and teach the Word!!

Slovenia Trip 2022

Pray for the Slovenia mission trip from October 21-29, as we partner with our Wade and Joan Killingsworth. A team of 13 people will join the missionaries on the ground to lead English conversation groups, Bible studies, and community outreach. This is an

answer to our prayers for the past 2 1/2 years for JT to be leading mission trips again, and we praise God for this opportunity.
